

PROTECTED INFORMATION (Incident #72)

**UNCLASSIFIED**

DATE OF INFO 17 Sept 1947

ATIC NO. -----

AP NO. ----- LOCATION Ft. Richardson, Alaska

REPORT NO. ----- SOURCE Army Officer

DATE OF REPORT ----- DATE IN TO ATIC -----

TIME OF SIGHTING ----- COLOR Metallic Silver

SHAPE Spherical SPEED Tremendous Estimated

SIZE 2' - 3' diameter ALTITUDE below 10,000' Measured

COURSE 180 degrees LENGTH OF TIME OBSERVED 15-20 sec.

NO. IN GROUP 1 TYPE OF OBSERVATION Ground

SOUND ----- MANEUVERS Travelling against wind

PHOTOS ----- SKETCHES -----

ATTENTION: Office, Director of Intelligence  
Lt Colonel George Garrett, Jr.

well to AFCAI

1. The inclosed newspaper clippings are submitted for your informa-  
tion and comment. The incident reported in Seattle appeared in the "Dayton  
Journal" on 12 November 1947, and should be followed up if possible.

2. The story by Lionel Shapire regarding war weapons developed in  
Spain evidently was printed in a number of leading newspapers throughout  
the country. The significance of this article will be dependent upon cer-  
tain essential elements for such alleged important developments, such as  
funds, materials, experimental testing facilities, and technological  
"know-how". The latter is supposed to be supplied by German scientists.  
The German scientists at this Hq indicate that no important scientists  
from Germany are working in Spain, and those mentioned in this article  
are not known to them.

3. If possible, therefore, an effort should be made to obtain names,  
qualifications, or any information that might help to identify the alleged  
German scientists working in Spain.

4. A brief statement was made in a recent intelligence report from  
Hq, USAF, AC/AS-3, regarding a flying disc incident in Alaska in September.  
The close range sighting reported should render a more detailed observation  
than what was reported, which also suggests a follow-up.

5. It is further requested that this office be advised as to progress  
being made on the plotting of all flying disc incidents to date, particu-  
larly in North America. It was understood that Dr. Carroll was going to  
plot these incidents, but no further word was received regarding this ef-  
fort.

UNCLASSIFIED

Two army officers reported to Office, Director of Intelligence, Ft. Alaska, Alaska, saying that they had witnessed an object passing thru the air at tremendous speed. Object appeared to be a sphere and did not give the impression of being saucer-like or comparable to a disk. Altho, the first officer stated that it would be impossible to give minute details, the object appeared to be 2 to 3 feet in diameter and did not leave any vapor trail in the sky. He stated the object appeared metallic and silver in color (like that of airplanes). As there was scattered cloud formations at 10,000 ft and the object was noted to be traveling below the cloud formations they were able to determine the approximate altitude. To the second officer the object appeared approximately 10 ft in diameter and appeared to be half the size of a full moon on an ordinary night. He estimated the altitude to be only 3,000 or 4,000 ft. The object appeared brilliant to the second officer and gave evidence of a spinning motion or did he note a reflection. To him it appeared to be a dull metal finish. In conclusion the second officer pointed out that the object was definitely traveling against the wind.
