[REDACTED]

UNCLASSIFIED

Place of Business: North Jackson Air Park
Hobby: Pilot. [REDACTED] is not considered an amateur pilot. [REDACTED] considers himself well qualified to determine type, size, color, and distance of most objects, and particularly aircraft.

Informant claims eyesight as being 20 - 20. As to reliability of [REDACTED], he was given good recommendations by all who knew him. A check of law enforcement agencies was made concerning [REDACTED], with negative results. [REDACTED] is his own employer, as he is the owner and operator of the Jackson Air Park. [REDACTED]'s sightings, in general, are considered excellent, and his attention was drawn to this object by the actual sighting of it.

4. Other witnesses to this phenomena were [REDACTED]'s wife and a Mrs. [REDACTED] of [REDACTED] Highway, Jackson, Mississippi, housewife. According to informants, Mrs. [REDACTED]'s reliability is unquestionable.

5. The OSI Agent, at the time of this interview, was accompanied by Lt. Colonel RICHARD L. BISGARD, Deputy Base Commander, 2588th AFPTC, Hawkins Field, Jackson, Mississippi. Lt. Colonel BISGARD and the OSI Agent making the interview considered [REDACTED] as being thoroughly reliable and of better-than-average intelligence, and seemingly of an excellent character. Mr. RUSH is a former USAF Pilot.

6. There are no radar operations in this area. See inclosed weather report listed as Exhibit "C" for general weather information in that area at the time this object was sighted.

7. A check with the Airport Managers of both the Delta Air Lines and the Chicago and Southern Airlines and with the Base Operations failed to reveal any flights in this vicinity at the time object was sighted, other than is shown. (See Exhibit "D".) It is unknown whether there were any testing devices of the United States Air Force sent aloft in this area on this date.

8. See Exhibit "E" for report of information concerning this object from THOMAS A. RUSH. There were no fragments or physical evidence available, nor was there any radio antenna to be observed, nor were there any other projections or extensions that might possibly be construed as such.

Inclosures:

FOR DISTRICT OFFICE # 5, WRIGHT-PATTERSON AFB, OHIO:

- One copy of map showing line of flight of unidentified object, Exhibit "A".
- One copy of sketch of object seen by Mr. [REDACTED] Exhibit "B".
- One copy of weather report, Exhibit "C".
- One copy of Airplane Operations in the vicinity of Jackson, Miss., Exhibit "D".
- One copy of letter to CG, Wright-Patterson AFB, Ohio, from Mr. [REDACTED] Exhibit "E".

UNCLASSIFIED

DETAILS:

1. This investigation conducted at the request of the Commanding Officer, Jackson Air Force Base, Mississippi, upon receipt of a T&M from the Commanding General, Wright-Patterson Air Force Base, Ohio, requesting that a detailed report be obtained reference the unidentified aerial phenomena sighted by Mr. ██████████ Avenue, Jackson, Mississippi.

AT JACKSON, MISSISSIPPI:

2. On 6 January 1949 Mr. ██████████ Civilian, was interviewed and stated that at approximately 1700 hours, on the date of 1 January 1949, while he and his wife and a Mr. and Mrs. ██████████ were flying from Gulfport to North Jackson Air Park in a Stinson Aircraft, at a speed of approximately one hundred twenty-five miles per hour, at an altitude of seventeen hundred feet, traveling 340° or Northwest, two miles East of Jackson, Mississippi, one half mile North of Highway 80E, almost to the Pearl River Swamp and East of Knox Glass Bottling Company from a position of 1:00 counter-clockwise to between 7:00 and 8:00, $32^{\circ} 20'$ North Latitude, $90^{\circ} 10'$ Longitude (see attached map, Exhibit "A".) There was only one object. This object was about five hundred feet directly in front of ██████████ plane and when first seen, this object was about 10° below the horizon and gradually climbing above the horizon as the object went around, at an altitude of approximately sixteen hundred feet to seventeen hundred feet. ██████████ further stated that he had an opportunity to view this object approximately ten to twelve seconds. ██████████ further described the object as being either dark blue or black. ██████████ the attached diagram rather than describing its shape in words. For the shape of the object, see Exhibit "B". ██████████ further stated this object appeared to be of solid construction. As to size, ██████████ described this object as being sixty feet to seventy feet long, eight feet to ten feet in diameter, the front end tapering to two feet to three feet at the rear. ██████████ further described the object as resembling a large sleeve target, the front opening much larger than the opening of a sixty foot sleeve target. ██████████ described the object's direction of flight as being west toward Jackson, Mississippi, at a 50° to 60° turn toward the Southwest. ██████████ described the object's maneuvers as being horizontal, then turned, gradual ascent, picked up a tremendous speed, seemingly a very slow fluttering as it departed. As to evidence of exhaust, effect on clouds, lights, support, propulsion, there was no evidence of any kind. ██████████ stated that when first sighted, this object was traveling at what he considered approximately two hundred miles per hour, but as it turned and departed, its speed appeared faster than Jets, making four hundred to five hundred miles per hour. As to sound, ██████████ did not notice any particular sound; however, ██████████'s wife and the pilot's wife claim to have heard a seemingly roaring sound as the object left the vicinity, and ██████████ further added that this object just faded from view.

3. Information relative to the observer is as follows.

Name: ██████████
Address: ██████████ Jackson, Mississippi
Occupation: Airport Manager

	REPORT MADE AT Jackson AFB Detachment, DO # 9		
	PERIOD 1 January 1949 - 6 January 1949		
	OFFICE OF ORIGIN DO # 9, Barksdale AFB, Louisiana		
STATUS Closed			
CHARACTER Subversive Activity			
REFERENCE Request for Investigation from the Commanding Officer, Jackson AFB, Mississippi			
SYNOPSIS This investigation conducted at the request of the Commanding Officer, Jackson Air Force Base, Mississippi. Investigation in Jackson, Mississippi, and vicinity revealed that a Mr. [REDACTED] civilian, did, between the hours of 1630 and 1730 on the date of 1 January 1949, sight a strange object flying over Jackson, Mississippi, which Mr. [REDACTED] was unable to identify but described as traveling at a rate of speed estimated at two hundred miles per hour when first sighted and upon this object's departure, it traveled at an estimated rate of speed from four hundred to five hundred miles per hour. [REDACTED] further reported this object to be somewhat similar to a cigar in shape and approximately sixty feet to seventy feet in length. Investigation further revealed that Mr. [REDACTED] is a reliable man and one who is not inclined to create objects of this type by his imagination.

Incident: 233

Mr. [REDACTED] a pilot with Dixie Air Service, Jackson, Mississippi, and his wife (private pilot), sighted an unidentified aerial object 2 miles east of Jackson, Mississippi, at 1700 C, 1 Jan 49 while coming in for a landing at the Dixie Airport. Object was first described as being cigar-shaped with short stubby wings resembling a rocket. (Second report states there were no wings) Mr. [REDACTED] specifically states in a signed letter "as the object made its turn, it was then that I noticed the object didn't have wings." Object was first thought to be a large tow target about 60 feet long and about 10 feet in diameter at one end and about 4 ft at the trailing end. The tail even fluttered like a target but there was nothing towing it and the object moved at greater speed than tow targets. When the object crossed in front of the plane [REDACTED] estimated the speed to be about 200 MPH and stated that the object crossed some 500 feet in front of them. After the turn, the object was within 1,200 feet of the plane. Mr. [REDACTED] attempted to point out the object to the pilot but the pilot did not understand and apparently did not see the object. As the object turned to the southwest it accelerated its speed and flew out of sight. Object seen for some 10 to 12 seconds. Color was dark blue or black. Speed at first sighting - 200 miles per hour, later thought to have accelerated to between 400 to 600 mph.

Object was sighted by the above persons who were passengers in a Stinson civilian aircraft. No photographs were taken since a camera was not available. The Stinson was flying at about 1,800 feet. Investigation of flight schedules of adjacent airfields could throw no light on the incident.

AT 1700C 1 JAN 1949. WEATHER CLEAR AND VISIBILITY UNRESTRICTED.
REPORTED BY [REDACTED] AVE. JACKSON MISS TELEPHONE
51064. ONE OBJECT SEEN APPROXIMATELY 60 FT LONG CIGAR SHAPE
SHORT WINGS LOOKED LIKE ROCKET DARK BLUE OR BLACK IN COLOR
TRAVELING AT VERY HIGH SPEED AT 1500 FT ALTITUDE. APPARENTLY
VERY MANEUVERABLE MADE SOUND LIKE HELICOPTER NO EXHAUST TRAIL.
HEADING SOUTHWEST LAST SEEN. OBJECT FIRST SEEN 2 MI EAST OF

FRONT OF REPORTING CIVILIAN PILOT 2

1. Date and Time of Observation: 1 Jan 1949 1700
2. Where Sighted: 2 miles east of Jackson, Mississippi
3. Observer's Position: from air at an altitude of about 1,300 ft
(i. e., ground, air, control tower, etc.)
4. Name and Address of Observer: Mr & Mrs [REDACTED],
Jackson, Mississippi
5. Occupation and/or hobbies: Pilot employed by Dixie Air Service at Jackson,
Mississippi. Ex AAF pilot
6. Attention Attracted by: something fly/ing in front of them
7. Number of Object(s) Seen: 1
8. Size of Object(s): 60 ft long, 10 feet wide tapering to 4 ft
9. Color of Object(s): Dark blue or black
10. Shape (Sketch if Possible) cigar-shaped - not unlike sleeve target. (1st report
mentioned short stubby wings)
11. Nature of Luminosity: N/S
(directed beam of light?)
12. Altitude of Object: 1500 to 1600 feet, then a gradual climb
(estimated)
13. Estimated Distance of Object from Observer: Crossed path of plane at
500 feet; after turn it was as close as 1,200 feet from them
14. Estimated Speed of Object: Approx 200 MPH when first sighted, then
accelerating to approximately 400 to 500 MPH
15. Time in Sight: 10 to 12 seconds
16. Tactics: Made 50° turn and increased speed as it headed southwest
17. Sound Made by Object(s): Similar to helicopter (1st report
roar (2d report))
18. Direction of Flight of Object(s) West then southwest
19. Apparent Construction: Similar to tow target
20. Effect on Clouds: N/S
21. Exhaust Trail (Color of): none visible
22. Manner of Disappearance: ~~object~~ climbed toward Southwest & disappeared
23. Weather Conditions at Time of Sighting: Weather clear to southwest
24. Peculiarities Noted: As object made turn object appeared to have no wings.
25. Summary of Incident: (over)
(See attached page)

No. 233: Definitely no balloon; made turns, definite fuselage,
accelerated from 200 M.P.H. to 400 M.P.H.

SUBJECT: Unidentified Flying Objects

TO : Commanding General
Air Materiel Command
Wright-Patterson Air Force Base
Dayton, Ohio
ATTN: MCIAXO-3

1. Reference is made to letter from your headquarters, MCIAXS, dated 9 March 1949, subject "Unidentified Flying Objects," and first indorsement thereto by this headquarters, dated 31 March 1949.

2. The incident summaries 173 through 233 have been checked against routine weather-balloon ascents made by the Air Force, Navy and Weather Bureau. Comments based on this review are inclosed.

3. It is recommended that the "Guide To Investigation Of Unidentified Aerial Objects" be changed as follows: Item 13, "Direction of Flight of Object," should be clarified so that vertical and horizontal motions are distinguished if possible, and so that motion is specified as the direction towards which the object appears to move. "Relative to Radar Settings" should include a statement of the type of radar set used.

FOR THE CHIEF, AIR WEATHER SERVICE

Incident #233 -- near Jackson, Mississippi -- 1 January 1949

There is nothing in this incident that can be said to have an astronomical origin.

The object sighted is described as resembling a tow target, but with no towing plane seen. No one else reported seeing the object after this one sighting by several persons.

AIRPARK

UNCLASSIFIED

[REDACTED]
Jackson, Mississippi
January 6, 1949

Commanding General AMC
Wright-Patterson AAB
Dayton, Ohio

Attention: MCIAX 0-3

Gentlemen:

This letter is in reply to a request from the Base Commander, Jackson Army Air Base, Jackson, Miss. on a strange object sighted by my wife on 1 January 1949.

Mr. and Mrs. [REDACTED], my wife, and I were flying from Gulfport to North Jackson Airpark and were approaching the airport and our altitude was about 1,800 feet when I saw something go in front of us. I assumed that it was another plane since it was headed toward the Municipal Airport in Jackson and was on the eastern leg of the airways.

I watched the object to try to recognize the type of plane. After it passed, it made a turn of about 50 degrees and headed southwest. The time was 17:00 as we had just made a comment on the time and I had checked our ground speed. As the object made its turn, it was then that I noticed the object didn't have wings. At that time, my wife saw the object and became excited. She is a private pilot and is familiar with plane identification from the air.

The sun had not set and the weather was clear to the southwest as the object went away from us. When it crossed in front of us, I estimated the speed to be about 200 mph and about 500 feet in front of us. After the turn, it was as close as 1,200 feet from us. We tried to point out the object to the pilot, but he thought we were trying to show him something else.

As the object turned and went to the southwest, with a sudden burst of speed, it was out of sight. In all, I saw the object 10 or 12 seconds.

UNCLASSIFIED

INCIDENT NO 233

233

At first, I thought the object was a large tow target about 60 feet long and about 10 feet in diameter at one end and about 4 feet at the trailing end. The tail even fluttered like a target but there was nothing towing it and it maved at a greater speed than tow taggets I've seen before.

When we landed about five minutes later, we called the CAA Control Tower to see if this thing had landed at the Municipal Airport and were informed that nothing had landed there recently. The Control Tower then notified the Air Corps.

Although I was not flying at the time, I have approximately 1,800 hours of military and civiliam pilot time and know my aircraft identification pretty good-- except in this case.

Attached to this letter is a drawing of this object and a rough sketch of where the object was sighted. If I can be of further assistance to you, I will be glad to help.

Very truly yours

UNCLASSIFIED

EXHIBIT IV

On 4 January 1949 the following airplane operations were contacted to determine the possibility of any flights within the Jackson, Miss. vicinity during the time in question.

Chicago and Southern Airlines Operations:

No flights in the vicinity of Jackson, Miss. between 1630 C and 1730 C.

Delta Airlines Operations:

Flight 309 from Atlanta, Ga. to Dallas, Tex., arrived Jackson, Miss 1731.

Only flight in this vicinity between 1630 C and 1730 C.
