DETAILS:

1. This investigation predicated upon information received from the Valdosta Times, daily newspaper, Valdosta, Georgia.

AT VALDOSTA, GEORGIA.

2. On 19 July 1949, Mr. [REDACTED] (w,m,civ), reporter for the Valdosta Times, daily newspaper, Valdosta, Georgia, was interviewed by this agent and Mr. [REDACTED]. [REDACTED] stated in substance that on 10 July 1949 Mrs. [REDACTED] (w,f,civ), [REDACTED], Valdosta, Georgia, telephonically informed him that she had seen a bright, reddish object in the Southwest section of Valdosta, Georgia, at approximately 0300 hours, 7 July 1949.

3. On 19 July 1949, Mrs. [REDACTED] was interviewed by this agent and she stated in substance that the object she saw was in the shape of an electric light bulb, with the small stem up, brick red in color, hanging in the sky at about a 45 degree angle from the horizon. Mrs. [REDACTED] stated that she was asleep and was awakened by the brilliant red light given off by this object. She also stated that the object did not seem to be too far away from her and that it slowly disappeared into the southwest. The object was visible for about ten (10) minutes and the light given off by the object lit up the neighborhood in which Mrs. [REDACTED] lived. Further questioning of Mrs. [REDACTED] revealed that she only saw the light of this object and did not see whether this object was connected to any other object. The object seemed to move towards the Southwest in a straight line and did not gain or lose altitude.

4. The official weather forecast taken from the records of the US Weather Observer, Municipal Airport, Valdosta, Georgia, are as follows: wind, calm; scattered clouds at 25,000 feet; visibility 8 miles; no wind aloft report at this time.

5. A check of the local flight schedule of commercial and private flying, Municipal Airport, Valdosta, Georgia, revealed that no aircraft were scheduled from the Municipal Airport at Valdosta, Georgia, at this time. Schedules of transient lines passing over Valdosta, Georgia, were unknown.

6. A complete residence check of Mrs. [REDACTED] revealed that she is trustworthy, though very nervous, sickly, and thought to have a great amount of imagination.

7. A thorough check of the residences in the vicinity of Mrs. [REDACTED]'s home did not reveal anyone who had witnessed this object.

8. The general opinion of residents of Valdosta, Georgia, is that there is a Government Experimental Laboratory dealing with guided missiles located on the Florida coast, south of Valdosta, Georgia.

AGENT'S NOTES.

Mrs. [REDACTED] is a woman of approximately 65 or 70 years old, residing with her daughter and caring for her daughter's home. She is easily led during interrogations and has a very vague idea of exactly the color, position and shape of the object which she saw. Though it is believed that Mrs. [REDACTED] is trustworthy, this Agent agrees with other residences of that vicinity that she is excitable and has a great amount of imagination.

## SUMMARY OF INFORMATION

The following information is quoted from a newspaper article, ATLANTA CONSTITUTION, 15 July 1949:

"A flying saucer that stayed put for awhile was reported suspended over Valdosta. Mrs. [redacted] said she saw a bright, oblong object about three o'clock in the morning. 'It was so red, I thought it was a fire but I kept watching and it looked like a flying saucer standing still. I watched it for three minutes, then it slowly disappeared into the West,' she related."
