Mr. ██████████  
Augusta, Kentucky

Dear ██████████:

Receipt of your communication, dated 26 July 1949, is respectfully acknowledged by this Headquarters.

While the information submitted does not contain sufficient detail to enable a positive identification, a marked similarity exists between the appearance of a searchlight beam and the phenomenon reported.

Searchlights capable of projecting a beam in the manner described are often employed at carnivals, fairs, and other public gatherings.

Your action in writing this Headquarters regarding this matter is appreciated.

Sincerely yours,

W. R. CLINGERMAN  
Colonel, USAF  
Chief, Analysis Division  
Intelligence Department

Augusta, Ky. July 26.

Sirs -

Could it be, that the  
light riding in the sky  
last evening from  
9 till 10, <sup>at regular intervals</sup> then the  
tall morning shaft  
of light, be experiments  
from Wright Field?

We are 45 miles  
up the Ohio river from  
Cincinnati.

Sincerely,

Augusta  
Kentucky
