UNCLASSIFIED

1. Effect on clouds: No visible clouds.
- m. Lights: None. (Sparks were emanating from object and were more pronounced in the lower rear edge of object. These sparks were orange to white in appearance. Intensity of the center part of the object remained the same, however, the intensity of the sparks along the edges varied.)
- n. Support: None observed.
- o. Propulsion: Unable to determine.
- p. Control and stability. Not applicable.
- q. Air ducts: None.
- r. Sound: None
- s. Manner of disappearance: Disappeared behind building.
- t. Notes relative to observer:
 - (1) Name: Mr. ██████████, Civilian Employee, Holloman AFB.
 - (2) Address: ██████████, Alamogordo, New Mexico
 - (3) Occupation: Geodetic Engineer (well versed in astronomy).
 - (4) Place of business: Holloman Air Force Base.
 - (5) Pertinent hobbies: Study of astronomy
 - (6) Ability to determine: Above average
 - (7) Reliability of observer: Observer extremely reliable and has aided this office on numerous occasions in obtaining readings on other observations.
 - (8) Former sightings: ██████████ has observed no sightings prior to this and was not suffering from fatigue at the time of this sighting.
 - (9) Witnesses: None

3. Check of the Electronics and Atmosphere Research Branch, Holloman AFB, revealed that they had no radar in operation at the time of this sighting. Further check with the Base Weather Station revealed that there were no unusual weather conditions at the time of the sighting. Check with the Operations and Projects Division, Holloman Air Force Base, and the Research Section of White Sands Proving Ground revealed that no testing devices had been sent aloft in this vicinity at the time of the sighting.
