REPORT OF AN UNIDENTIFIED FLYING OBJECT SIGHTED BY AN AIR FORCE PERSONNEL AT 1210 EST ON 17 NOVEMBER 1948, LOCATED IN NUMBER 4, DEPARTMENT OF THE AIR FORCE, NO USAF, AIR FORCE STATION OF INTELLIGENCE, WASHINGTON 25, DC. 15 FEBRUARY 1949 AND COMAC LETTER 200-1, 10 OCTOBER 1949. 2. NEW PARAGRAPH. 3. A. SIGHTED 30 DEC 1948. B. SIGHTED AT 1210 EST. C. LOCATED FROM GROUND ON THE MAIN ROAD ONE HALF MILE SOUTH OF LANDSTY FIELD, VA. OBJECT APPEARED TO BE ABOUT 2 AND ONE HALF MILES SOUTH EAST OF LANDSTY FIELD, VA. FIRST SIGHTED FROM MOVING AUTOMOBILE AND THEN FROM SIDE OF ROAD AFTER THE AUTOMOBILE WAS HALVED. 76 DEGREES 20 MIN WEST/37 DEGREES 14 MIN NORTH. D. 1. OBJECT SIGHTED. E. NO REPORT OF CELESTIAL APPROXIMATION OR PLANETS THAT MAY ACCOUNT FOR THE SIGHTING. F. DISTANCE TO THE OBJECT 10,000 FEET. ANGLE OF ELEVATION FOR THE OBJECT ABOUT 45 DEGREES. ALTITUDE ABOUT 5,000 FEET. G. OBJECT OBSERVED APPROXIMATELY 5 MI HRS. H. COLOR WAS WHITE. OBJECT WAS CONE SHAPE. CONSTRUCTION IS UNKNOWN. OBJECT ESTIMATED TO BE 8 FEET IN DIAMETER AT BOTTOM, 20 FEET LONG, AND TAPERING TO A POINT. FROM OBSERVER'S VIEW IT APPEARED TO BE 2 FEET DIAMETER AT BOTTOM, AND 4 FEET LONG. I. OBJECT TRAVELING SOUTHEAST. J. THE OBJECT WAS IN A VERTICAL POSITION: LARGE END OF CONE AT THE BOTTOM AND TAPERING TO A POINT AT THE TOP. K. THE OBJECT WAS AWAY FROM THE OBSERVERS AND POSSIBLY SLOWLY ROTATING. IN THE BOTTOM APPEARED TO BE A SPHERE AND THE TOP SEEMED OSCILLATED FROM ONE SIDE TO THE OTHER FREELY. IT WAS OF CLAY OR CANVAS CONSTRUCTION. L. NO EXHAUST OBSERVED. M. THERE WERE NO CLOUDS. N. NO LIGHTS OBSERVED ON THE OBJECT. O. NO SUPPORTS OBSERVED ON THE OBJECT. P. NO EVIDENCE OF PROPULSION. Q. NO CONTROL SURFACES OBSERVED BUT THE TOP OSCILLATED LIKE THE END OF A SWING. R. EXCEPT THAT IT WOKE SLOWLY. S. OBJECT MADE NO SOUND. T. THE OBJECT WAS SMALL IN SIZE WITH THE OBSERVERS VISION OF HAVING TO IT AND PERTAINING THEM AUTOMOBILE TO DRIVE AWAY. NEW PARAGRAPH. RELATING TO THE OBSERVER: A. TECH [REDACTED] [initials] AGNS

SUBJECT: Sighting of unfamiliar object over Andrews Air Base by Cpl. [REDACTED], 113th Control Squadron, District of Columbia Air National Guard.

TO : Headquarters
Air Material Command
The Pentagon
Washington, D. C.

1. On December 31, 1949 I was at Andrews Field observing Colonel Milliken make preparations to take off in a jet plane. I happened to look directly overhead and saw an object floating--it seemed--leisurely in and out among the clouds. When it tilted toward the sun it appeared to be a huge sheet of tinfoil. I kept my eye on it and suddenly realized that it was travelling at a terrific rate of speed in a southeasterly direction. I am certain that had the object been grounded it would have been the size of the National Guard hanger.

2. I have hesitated to divulge this incident. However, I can assure you that it is absolutely true; I have never had hallucinations. I dismissed the incident from my mind at first, thinking that it was probably an object sent up by meteorologists. The more I thought of its size and the height it was from the ground, however, the more significance I attached to it.

Very truly yours,

1. Information given herein is submitted in compliance with SAC Regulation number 200-5, dated 13 December 1948. Distribution of this report has not been made to Air Materiel Command or any other agency.

2. In compliance with par 3 of the above-mentioned regulation the following information is submitted:

a. Location and time of sighting: Observed 10 - 12 miles north of Davis-Monthan Air Force Base by personnel standing on the ramp east of building T-2722. Observed at 1350 Mountain Standard Time (2050 GCT) on 31 December 1949.

b. Weather at the time: Clear over the field with scattered cumulus clouds near the object. Winds aloft:

4000 feet	130°/20 knots
6000 "	180°/10 "
10000 "	230°/10 "
15000 "	270°/40 "
20000 "	270°/25 "

c. Names, occupations and addresses of witnesses:

1st. Lt. [REDACTED], Pilot (B-29)
S/Sgt. [REDACTED], Aircraft Maintenance Specialist
S/Sgt. [REDACTED], Aircraft Maintenance Specialist
Pvt. [REDACTED], Airplane Electrician

All witnesses are in the 43rd Air Refueling Squadron, Davis-Monthan Air Force Base, Tucson, Arizona.

d. Photographs: None available

f. Object sighted:

(1) Number: one (1)

(2) Shape: reported both as claimed like a piece of
tin or paper and as spherical like a weather balloon.

(3) Size: about $\frac{1}{2}$ the size of the sun ball as it appeared at
the time.

(4) Color: silver

(5) Speed: two (2) times the speed of B-29's flying toward it.
(estimated speed 500 mph)

(6) Heading: hovered for 5 - 10 minutes then departed into
north-northeast.

(7) Maneuverability: appeared to circle slowly within a 2
mile radius. Object appeared to be unstable and "tossing"
while hovering.

(8) Altitude: 4000 - 18000 feet. Last reliable source (AFB)
states 15000 feet altitude.

(9) Sound: none heard

(10) Exhaust trail or not: none

3. General Remarks:

a. A summary of the interrogation of witnesses follows:
When this object was first seen it appeared to be hovering in the air
about 15 nautical miles north of Davis-Monthan Air Force Base. It
stayed in this position for approximately 10 minutes. At the
approach of a formation of three B-29 aircraft it moved rapidly
toward the northeast and disappeared. In moving into the northeast
it had an estimated speed of 500 miles per hour. It appeared to be
in a dive at an angle of approximately 10° to the horizontal. Sun-
light glistening off the object led the witnesses to believe it was
spinning.

b. Interrogation of the crews of the three B-29's which were
seen flying toward the object revealed no indication of any of their
crew members having seen the object. Further, a check with the Davis-
Monthan Weather Office revealed that no weather balloons had been sent

4. It can reasonably be concluded that some object was actually
seen by the above witnesses. However, it is considered entirely
possible that the object observed was a small plane, kite, paper carried
aloft by the wind, a wandering weather balloon, or other such object.
Recent newspaper reports concerning "flying saucers" could have played
upon the imagination of the witnesses resulting in their over estimating
the speed and nature of the object.

1. On 30 November 1949, this office received a letter from the Los Angeles Office of the Federal Bureau of Investigation which reads as follows:

"On November 24, 1949, [REDACTED] motion picture actor, telephonically advised this office that on the previous afternoon he had been playing golf at the Lakeside Country Club with [REDACTED]. CABOT overheard [REDACTED] talking about a magnetic radio the latter had in his possession and which he claimed had come from a flying disc which had crashed in New Mexico. [REDACTED], who claimed to be in the oil business, had the radio with him at the golf course. [REDACTED] described the radio as being about 7x2x2 inches.

[REDACTED] further advised [REDACTED] that he and an unnamed scientist were using the radio as a "doodle-bug" to find oil deposits in the ground. [REDACTED] stated that several of the flying discs had recently crashed in New Mexico, Arizona, and Maine. He also told [REDACTED] that the discs had contained men and that he had bits of cloth at home from the clothing of these men. In addition, [REDACTED] claimed to have pieces of metal from the gears of the disc.

[REDACTED] told [REDACTED] that Metro-Goldwyn-Mayer Studio is making a "hush-hush" picture which could very well concern the matter of flying discs inasmuch as the whole story would break soon any way.

[REDACTED] states that he has ascertained through a friend at Metro-Goldwyn-Mayer that they are now making a picture called "Project No. [REDACTED]" (the actual number not known). [REDACTED] said he was unable to find out what this picture is about.

SUMMARY: (ENTER CONCISE SUMMARY OF REPORT. GIVE SIGNIFICANCE IN FINAL ONE-SENTENCE PARAGRAPH. LIST INCLOSURES AT LOWER LEFT. BEGIN TEXT OF REPORT ON AF FORM 112-PART II.)

Technical Sergeant [REDACTED] observed an unidentified flying object at 1210 hours, 30 December 1949 near Langley Air Force Base, Va.

The white, vertical, cone-shaped object appeared to be eight feet in diameter at the base by twenty (20) feet in height. It was estimated to be at 5,000 feet altitude 10,000 feet from the observer and moving slowly in a south-easterly direction. The base of the cone remained steady and the top slowly oscillated.

The report parallels press releases concerning unidentified flying objects recently observed over the Carolinas and, in one case, identified in the Charlotte Observer newspaper by airport officials as being a mass of ice crystals formed in the wake of an Air Force B-36 flying at 40,000 feet altitude.

AIR INTELLIGENCE INFORMATION REPORT

FROM (AGENCY)	REPORT NUMBER
Director of Intelligence HQ, Ninth Air Force	1
	Page 1 of 3 Pages

1. In compliance with ConAC Letter 200-1, 10 October 1949 and Intelligence Requirements Memorandum Number 4, Department of the Air Force, Headquarters USAF, 15 February 1949, the following report of a sighting of an unidentified flying object is submitted.

2. Statements concerning the object:
- A. Observed 30 December 1949.
 - B. Time of Sighting: 1210 hours.
 - C. (1) Observation made from the main road one-half mile south of Langley Air Force Base, Va.
(2) Object's position was approximately two and one-half ($2\frac{1}{2}$) miles south-east of Langley Air Force Base.
(3) The object was first noticed as the observer was riding in an automobile and then was watched from the side of the highway after the car had been stopped.
(4) Coordinate location of object was 76 degrees 20 minutes West/37 degrees 04 minutes North.
 - D. Only one (1) object observed.
 - E. There is no report of celestial phenomena or planets that may account for the observation.
 - F. (1) The object's altitude was 5,000 feet.
(2) Distance from observer to object was 10,000 feet.
(3) The angle of elevation from the horizon was approximately 45 degrees.
 - G. The sighting was of five (5) minutes duration.
 - H. (1) Object was white.
(2) The object was cone shaped.
(3) The construction is unknown.
(4) The dimensions of the object were estimated to be eight (8) feet diameter at the base and twenty (20) feet in height.
(5) The object's size from the observer's point of view was approximately two (2) feet diameter at its base by four (4) or five (5) feet in height.
 - I. Direction of travel was toward the south-east.
 - J. The position of the object was vertical and it appeared to drift away from the observer while slowly losing altitude. The base remained steady while the top slowly oscillated.
 - K. There was no exhaust.
 - L. The sky was cloudless.
 - M. There were no lights on the object.
