Washington, 25 D.C.

SAC 01

Important - Please Rush! '90k
is still in existence, but I
do not think there is active
work being done on the subject
of 200's. I am greatly interested,
and am doing much work on
the subject.

To get to the point, could
you send me photocopies of
the pictures taken by Mrs
[REDACTED] at Mc Menamins,
Oregon, May 11, 1950 at 7:30 in
the evening of a gently rocking,
circular thing about 100 feet
above the ground. I do not
know if this has been classified
as an "unknown". If it is not
possible to send me these
pictures, please send me in-
formation concerning where I

can obtain these pictures. Also could you tell me what this is classified as.

Could you also send me reification of the incident between a so called "saucerman" and a tourist in the American desert. I have seen pictures of the cast of his footprint and the picture of the case in which the saucerman developed the film. I would like to know if this is garbage or is classified as unknown.

I would be deeply gratified if you could send me what I asked for or any information concerning the subject of unidentified flying objects.

Yours gratefully,

Washington D.C.
Dept. of science

I have recently acquired some information concerning the sighting and taking of two, (2), photographs of one, (1), unidentified object by Mr. and Mrs. ██████████ of McMinnville, Oregon.

The Photographs were taken on May 11, 1950 at the ██████████ farm just outside McMinnville, Oregon.

I would appreciate it very much if you would obtain and send to the address listed below information and photographs of other and this such incidents

██████████
Hoquiam, Wash.

Many thanks
W.Q. Case

NO CASE (INFORMATION ONLY)

"MAY 1
McMINNVILLE, Oregon

10 March 1965

Dear Mr. Case:

Your letter to the Department of Science has been referred to this office as a matter pertaining to the Air Force.

The Air Force has no information on photographs of an unidentified flying object taken by Mr. & Mrs. [REDACTED] of McMinnville, Oregon.

In this regard, it should be noted that all photographs submitted in conjunction with UFO reports have been a misinterpretation of natural or conventional objects. The object in these photographs have a positive identification.

Sincerely,

JOHN P. SPAULDING
