Subj is Unidentified Aerial Object.

At 1540 hours MST [5 July 50,] 3 Staff Sergeants on duty at the Hill AFB Radar Station observed an unidentified aerial object flying at an estimated 25,000 feet altitude on a course of approx 120 degrees and passing almost directly over Hill AFB. Object reportedly under observation for approx 3 minutes, and described as about 50 feet in length, circular in shape with diameter-thickness ratio of about 4 to 1. Estimated ground speed of between 5 and 700 miles per hour. No sound or exhaust trail observed. Described as silver in color. Radio set was switched on shortly after object was sighted, however object disappeared before radar set warmed up sufficiently for tracking. Advise extent of investigation this sighting and whether reports covering any future sightings are desired.

DOWNGRADED AT 3 YEAR INTERVALS;
DECLASSIFIED AFTER 12 YEARS.
