PROJECT 10073 RECORD CARD

25/3200

ATIC NO. --- DATE OF INFO 24 Dec 1950
 AP NO. --- LOCATION Los Alamos, N. M.
 REPORT NO. --- SOURCE Civilian
 DATE OF REPORT --- DATE IN TO ATIC ---
 TIME OF SIGHTING 1928 COLOR Bright Glow w/Green tint
 SHAPE Sphere w/Tail SPEED --- Estimated
 SIZE --- ALTITUDE --- Measured
 COURSE SSE to NNW LENGTH OF TIME OBSERVED 2-3 Sec.
 NO. IN GROUP 1 TYPE OF OBSERVATION Ground
 NOISE --- MANEUVERS Described slight falling Arc.
 PHOTOS --- SKETCHES ---

UNCLASSIFIED

DATE 25 12, 1950
(Day) (Month)

1. Name of Observer [redacted] [redacted] [redacted]
Last First M.I.
- Station Assigned [redacted] Section C-III
- Home Address [redacted] Telephone 2525
- Names of other known observers [redacted]
2. Time and date of sighting 1928 hours 24 12, 1950
Day Month
3. Point of observation Junction of Rd. #5 and West Road
4. Direction of object from observer West
5. Distance of object from observer Not known. Seemed to be beyond
the range of hills.
6. Angle of elevation from horizon Approx. 60 degrees
7. Direction of flight of object From south, southeast towards north.
north west.
8. Time in sight Approx. 2 or 3 seconds
9. Number of objects One One
10. Shape of object Sphere shape with a tail
11. Projections and/or indentations None

12. Apparent construction It looked as if it was a mass of flames
or fire.
13. Apparent means of support and/or propulsion Not known
14. Size of object Actual not known, appeared to be approx. the size
of a very large meteor.
15. Luminosity of object Glow as a red hot metal does.
(Bright, very bright, glaring, etc.)
16. Color of object Red, with a green tint.
17. Sound None heard as we were in a truck, windows up.
18. Odor None to us.
19. Speed Unknown
20. Evidence of trail or exhaust A tail same color as the object
4 times in length as the diameter of the sphere.
21. Effect on clouds Not known
22. Tactics or maneuvers None
23. Manner of disappearance Dropped from sight beyond range of hills to
THE WEST OF us.
24. What attracted attention to object Truck was stopped at junction and
I was looking to the west or straight ahead when the object caught
my eye.
25. Additional remarks of observer I do not believe this to be a meteor
as this did not burn itself out in flight. It was same degree of
light from first to last observance.

12. Apparent construction Not known. Seemed to be a burning mass.
13. Apparent means of support and/or propulsion Not known.
14. Size of object Not known. Larger than meteor.
15. Luminosity of object Very bright glow.
(Bright, very bright, glaring, etc.)
16. Color of object Bright glow with notable green tint
17. Sound Not known
18. Odor Not known
19. Speed Not known
20. Evidence of trail or exhaust A trail about four times the length
of dia. Trail width equal to dia of sphere
21. Effect on clouds Clear sky. Not known
22. Tactics or maneuvers None. Followed slight arc in falling out of
sight.
23. Manner of disappearance Dropped out of sight behind hills.
24. What attracted attention to object Swift moving object of very
brightness larger than other visible objects in sky.
25. Additional remarks of observer Glow remained bright throughout
observed flight. Following is approximate observance. First part
of tail dense and gradually dissipating toward the end.

File No. 24-0

12 January 1951

SUBJECT: Aerial Phenomena

TO: Director of Special Investigations
Headquarters, United States Air Force
Washington 25, D. C.

1. In accordance with AFOSI Ltr. No. 85, Headquarters, Office of Special Investigations, dated 23 October 1950, the hereinafter data are delineated.

2. It is submitted that the phenomena made a part of the data attached is not believed by this District to definitely fall within Paragraph 3 of above cited letter, however, as there is a reasonable question of doubt, attachment is being forwarded.

SYNOPSIS: An aerial object spherical shape with a tail was cited by [REDACTED], JR. 24 December 1950 in the area of Los Alamos, New Mexico, an Atomic Energy location.

DETAILS: Attachments more clearly delineate all pertinent details.

ACTION TO BE TAKEN: Above data forwarded to Commanding General, Air Materiel Command, ATTN: MCIS and Headquarters, Office of Special Investigations; no further action.
