<p>10. BRIEF SUMMARY OF SIGHTING Elliptical. Straight and level maneuvers.</p>		<p>11. COMMENTS Sighted at elevation of 35° south of Ft. Lauderdale.</p>	

[REDACTED]

From: Commanding General
6th Air Division
McDill AFB, Fla.

UNCLASSIFIED

In accordance with instructions contained in letter Hq USAF, the following is submitted: One object, elliptical or cigar-shaped appeared to be brilliantly illuminated without a trail or exhaust visible, flying at a great rate of speed in a horizontal plane. Manner of disappearance, flew out of sight. Observer states that it was moving at a greater rate of speed than he had witnessed before. Sighted at 2010 EST April 52. Visually observed from the ground at Fort Lauderdale, Fla., (26° 07'N, 80° 09'W). Sighted approximately 35° above the horizon in a southerly direction at an estimated distance of 15 miles to 20 miles traveling from East to West at estimated altitude of 15 thousand to 20 thousand feet. Sighted by Mr. [REDACTED], [REDACTED]ve., Melrose Park, Fort Lauderdale, Fla. Above info called by telephone to Base Operations, McDill AFB, Fla., by observer who stated that he was a former pilot with U.S. Military. Sighted by two other people unknown to Menninger but could be identified. Conversation with observer indicated he had considerable knowledge of jet type aircraft and related speeds but had been greatly impressed with the speed. Miami 2030 weather sequence as follows: 25,000 minor scattered, 10 miles visibility, sea level pressure 219, temperature 63, dew point 54, wind East North East at 3 knots, altimeter 017. No known activity or condition to account for sighting and negative physical evidence. Negative interception.

Dear Sir:

The Air Technical Intelligence Center has been advised that you reported an observation of an unidentified aerial object to McDill Air Force Base on 10 April 1952.

In order to obtain more information, it is requested that you complete the inclosed questionnaire and return it as soon as possible.

Your action in reporting your observations is appreciated by the Air Force and the Air Technical Intelligence Center.

Yours very truly,

A. F. Z.
S. H. KEXLAND, JR.
Colonel, USAF
Chief, Technical Analysis Division

- 21
1. Date object was observed April 9, 1952
 2. Time object was first seen Approximately 8:10 PM
 3. Place from which you observed the object Street
 4. How was object observed (naked eye, binoculars, etc.) Naked eye
47th Street, New York City
 5. What were you doing when the object was first observed? Walking
 6. What attracted your attention to the object? The phenomenal speed
 7. Path of object.
 - a. Direction from which object appeared (degrees or direction) _____
Flying from east to west
 - b. Direction in which object disappeared (degrees or direction) _____
West
 - c. Elevation object appeared (degrees above horizon) _____
25 to 30 degrees
 - d. Elevation object disappeared (degrees above horizon) _____
Same
 - e. Shape of flight path of object (straight and level, arched, etc.)
Absolutely straight and level
 - f. How did object disappear (grow dimmer, go out suddenly, etc.)
It went out suddenly
 8. Length of time the object was observed About one second
 9. Description of object.
 - a. How many objects were seen? One
 - b. Apparent size of object? Unable to determine

- c. Apparent speed of object? 1500 to 2000 miles per hour
- d. Apparent altitude of object? Unable to determine
- e. Shape of object? Cigar shaped
- f. Color of object? Appeared as a light
- g. Did object perform any maneuvers, if so describe No
- h. Did object make any sound, if so describe No
- i. Were any tails or trails seen? No
- j. Draw sketch.

10. What type of day was it (hazy, clear, etc.)? Describe. Night
Very clear

11. Clouds.
- a. Were any clouds in sky at time of observation? Less than 1/10 scattered
 If so, how much of sky was covered (overcast, scattered, etc.)

 - b. Did object pass above, below, or near any clouds? No
 - c. Did object reflect light on the clouds? No

12. What is your occupation? Office Manager

13. Any details that cannot be fully explained by the above questions.

EXTRACT FROM STATUS REPORT # 6

DATE: 10 Apr 52

TIME (Local): 2010

LOCATION: Ft. Lauderdale, Fla.

LENGTH OF TIME OBSERVED: Unknown

SOUND: Unknown

SPEED: High

ALTITUDE: Unknown

HEADING: 270°

SOURCE: Ex-AF Pilot

ACTION OR COMMENTS: Description similar to large meteor or fireball.

DESCRIPTION OF INCIDENT: Source observed elliptical shaped brilliantly illuminated object without trail moving at high speed. (Restricted)
