Luminous Spots in Sky
24 July 1952

TO: Director of Special Investigations
Headquarters United States Air Force
Washington 25, D. C.

1. SYNOPSIS: Five (5) or seven (7) luminous spots flying in sky about 2115 hours, 24 July 1952, approximately forty (40) miles north of Chicago.

2. DETAILS: [REDACTED], Attorney, [REDACTED] Boulevard, Chicago, telephonically advised this office that about 2115 hours, 24 July 1952, while attending a Ravinia Concert (out-door concerts held approximately forty (40) miles north of Chicago on Lake Michigan), he saw five (5) or seven (7) luminous spots in the sky flying in an irregular, horizontal line. The "spots" appeared to be traveling from south to north at the zenith. Mr. Bexler heard no noise and could make no guess as to the altitude except that they were very high. He estimated the speed from about 1500 to 2000 miles per hour.

3. ACTION: Two (2) copies of instant report being forwarded direct to the Commanding General, Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio.
