Major Dewey J. Fournet  
AFODIN - 2A2  
Headquarters, U.S. Air Force  
Washington 25, D. C.

Dear Major Fournet:

Here are the three Ansco color transparencies,  $2\frac{1}{4} \times 2\frac{1}{4}$ , shot by Metro Group photographer [REDACTED] aboard the U.S.S. Franklin D. Roosevelt while covering the NATO maneuvers for us.

Following is a quote from Litwin's letter of yesterday describing the circumstances surrounding the shooting of these pictures:

"On September twentieth, at a few minutes after four p.m., I was standing on the forward flight deck of the USS Franklin D. Roosevelt, biggest carrier in the world. With me, at the time, was Lt. [REDACTED], helicopter pilot. It was a bright day and there were occasional clouds in a very blue sky. As we were talking, I saw this round object about five hundred or a thousand feet in the air, directly above the after end of the ship. I shouted something to [REDACTED] and ran aft a bit to shoot it with a bit of the ship's 'island' in the picture to establish where. I had time to take a meter reading and three exposures before the rapidly rising thing was out of sight. The weather man man aboard sent a balloon up at three thirty, and says that it rose up and out of sight in the overcast in about fifty seconds. This was not it. The shots were in color."

"The next day there was an item on the teletype as follows:  
PITREAVIE, SCOTLAND, SEPT 22 (INS) RAF OFFICERS IN THE NATO MANEUVERS OPERATIONS MAINBRACE TODAY\* INVESTIGATED A REPORT THAT A FLYING SAUCER WAS SIGHTED. TEN OFFICERS AND ENLISTED MEN IN AN RAF BOMBER PLANE REPORTED YESTERDAY THAT THEY SAW A SILVER CIRCULAR OBJECT FOLLOWING A BRITISH PURSUIT PLANE OVER YORKSHIRE. THEY SAID THE OBJECT, WITH A ROTARY MOTION ABOUT ITS OWN AXIS, SUDDENLY ACCELERATED AT INCREDIBLE SPEED AND VANISHED BEFORE THEY COULD GET CLOSER.

(\* Sept. 20)

"This took place in the same part of the world and could be part of the same situation. I have [REDACTED]'s affidavit, not

TO Chief, Air Technical Intelligence Center Wright-Patterson AFB Ohio	FROM Dept of the Air Force Hq USAF - AFQIN	DATE	COMMENT NO. 1	Maj Fournet/dbv/71379

1. Inclosed are reproductions of three color transparencies taken by Mr. [REDACTED], an American press photographer, in the vicinity of the Naval formation participating in Operation Mainbrace on 20 Sep 52. The attached copy of a letter from Mr. [REDACTED] of the Metropolitan Sunday Newspapers, Inc. dated 2 Oct 52 (see Incl 2) includes all data on this sighting presently available this office.

2. The original photographs were returned to Mr. [REDACTED] with a letter expressing our sincere thanks for his cooperation in making the photographs available to us. The photographs were enlarged by Hq USAF from the original  $2\frac{1}{4}$  x  $2\frac{1}{4}$  inch size to the present size; the vertical dimension of the copies correspond to the coverage in the original photographs (enlargement ratio 2.25:5). These are the only copies which were made; none are filed in Headquarters. An enlarged reversal print of the second transparency is attached (Incl 3); it was made to show that the image is still round. Photographs are for official use only; not for release.

3. A cable to CINCPAC, with information copy to you, was dispatched 3 Oct 52 requesting information on balloon releases by ships in the Naval formation. Message number is AFQIN 59530.

4. A copy of OPNAV Notice 3820 is attached as Incl 4 for your information and retention.

As I said during our telephone conversation today, I would appreciate a quick return of these transparencies and any comment which the Air Force is willing to make about these pictures for publication.

We will look forward to hearing from you.
