STATEMENT

On Aug 5, 1953, I was working with Mr. [REDACTED], at the Home of [REDACTED] [REDACTED] on [REDACTED] off [REDACTED], San Antonio Texas. At about 1000 hrs Mr. [REDACTED] called my attention to an object in the air, which was unidentifiable to us. I verify that Mr. [REDACTED] gave an accurate description of the object, in that it left no vapor trail or exhaust smoke and that there were no sound of motors.

I would say that the object was about the size of a 10 lb. lard can lid and that it moved back and forth covering an area of about two feet.

I certify that this statement is true and correct to the best of my knowledge.

STATEMENT

At approximately 0015 hours 22 August 1953, the undersigned sighted, west of my house, 155 Fabard Drive, about one-half mile away, a reddish brown light without reflector or sound moving south in an erratic up and down motion across the sky, at approximately 1500 to 2000 feet altitude. The actual speed is unknown, but it seemed to move fairly slowly. It appeared to be larger than a star and resembled a star.

About 5 seconds after I sighted this object, I called my wife, Grace Foley, out of the house and we both had a visual observation of the object for approximately 25 seconds longer when it slowly disappeared behind the houses across the street, moving from south to east.

About 10 minutes later an aircraft was sighted flying a southeast path. He turned on his landing light which were easy to distinguish as landing lights. Also, he could be heard. About 6 minutes after this aircraft was sighted, another one was sighted flying from south to north, and this aircraft passed to east of house, and was also heard.

STATEMENT

I was called out of the house at approximately 5 seconds after 0015 hours on 22 August 1953, by my husband, James V. Foley, to see a strange light flying by the house. This light was a reddish brown and did not resemble an aircraft or part of an aircraft in any way. There was no sound. I watched this strange object for about 25 seconds until it disappeared from view behind the house next door. It traveled from north to south, then turned east.

METEOR

The Hydrographic Office is cooperating with astronomers who are studying meteors. Mariners reporting their observations of these bodies are greatly assisting in this work. It is desired to have the Greenwich time and point of appearance and disappearance as accurate as possible, either by bearing and altitude, or by relation to fixed stars, or both.

Complete observations on long-enduring trains and their direction of drift are of especial importance, as they determine wind direction in the upper atmosphere.

NORTH ATLANTIC

Chief Officer Francis Campbell of the British SS. *Bembridge Hill* reports that on August 23, 1953, in lat. 40°00' N., lon. 40°30' W., a brilliant body, traveling in an E. by S. direction was observed.

The first indication of any phenomenal occurrence was a bright green diffused glow on the superstructure of the ship, lasting for about 1 second. This green light was reflected from the sea directly beneath the traveling body.

The body, traveling extremely fast, coursed parallel to the surface of the sea and disappeared into the clouds emitting a stream of "sparklers."

STATEMENT

I certify that on 5 Aug 53, at 1000 hours, Mr. [REDACTED], his son and Mr. [REDACTED] were in my employ erecting a gin pole and that I witnessed the same unidentifiable object hovering in the sky. From the distance it looked like about the size of a quarter to me.

I verify the statement made by Mr. [REDACTED] in that the object left no vapor trails or exhaust smoke and made no sound.

I certify that this statement is true and correct to the best of my knowledge.

AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency) Commander, SAAMA	REPORT NO.	PAGE 1 OF 1 PAGES
-----------------------------------	------------	-------------------

In compliance with AF ltr 200-5, dated 29 Apr 52, the following information is submitted:

1. Object was elliptical-shaped and appeared to be about the size of a #2 tub. Only one object was observed. No exhaust smoke or vapor trails were noted nor was there any sound of motors. Object appeared to be motionless throughout observance.

2. Object was observed at approximately 1000 hrs., CST, 5 Aug 53 for about 5 or 6 minutes.

3. Observation was done with naked eye.

4. Observers were on acreage owned by Harris L. Frazier, working on water system when object appeared in sky due west of observer.

5. Object observed by [redacted] San Antonio Texas; Mr [redacted] an employee of Mr. [redacted] and Mrs. [redacted], San Antonio owner of property where [redacted] was working. Reliability of observers unknown.

6. Fair weather prevailed at the time of sighting. Visibility was unlimited. Wind at ten thousand feet 190 degrees by 9 knots.

7. No activity or condition, meteorological or otherwise, is known to have existed at the time of observance which might account for sighting.

8. No physical evidence of sighting.

9. Observer contacted 1st AF B immediately after sighting.

10. Location of any specific air traffic in the general area at time of sighting unknown, although there were at least 12 known air craft aloft at the time of sighting.

STATEMENT

On 5 Aug 53 while working at [REDACTED] home on [REDACTED], off [REDACTED] [REDACTED], San Antonio Texas, I saw an unidentifiable object in the sky at about 1000 to 1015 hours. It appeared to be about the size of the bottom of a # 2 tub and shined like silver. We saw no vapor trails or exhaust smoke, and didn't hear any sound of motors. It just hung in the sky for about 5 or 6 minutes with a blue sky background.

We were looking due west, with sun in back of us when it suddenly disappeared.

I was standing about 20 feet from a Gin pole that I was erecting and was looking to see if it was straight. At an angle from my eyes, looking over a piece of rope a foot from the top of a 35 ft. Gin pole, I spotted this object. I called my son and [REDACTED] and the [REDACTED], at whose home we working, they all ~~saw~~ saw it.

It was approximately 6-8 miles away and there were no planes observed in the air.

I I certify that this statement is true and correct to the best of my knowledge.
