Dear Sir:

I has come to my attention that around 2 to 4
January 1954 vapor trails of jet craft were
seen ~~crossed~~ crossed for four consecutive hours
covering every square mile, apparently in
pursuit of a U.F.O./U.A.O. over Saverville,
Tennessee, and neighboring communities.

It is my objective to learn the reason for
this maneuver. Were these jet craft in pursuit
of a U.F.O./U.A.O.? If so, can you inform
me of the circumstances; location; maneuvers;
and possible identification, including, speed,
color, shape, etc., of said U.F.O./U.A.O.?

If, for any reason, you cannot give me the
requested information for classification/
security restrictions, please forward this
missive to the proper authorities.

Thank you for your kind cooperation in this
matter.

This report was prepared by 2/Lt. Earle W. Stanley, Intelligence Officer, 521st Air Defense Group, Sioux City Air Base, Iowa.

Mr. ██████ stated that he was heading South on Highway 63 in his auto at a speed of approximately 50 MPH. His reliability could be judged as good as he was at one time a member of the Army Air Corps.

This writer can make no analysis of the possible cause of the sightings.
