Scientific Intelligence:

1. At 13/0220 HST, Pearl Harbor Rescue received an unidentified flying object report from a C-124, Aircraft #1030, Trip #528, enroute from Hickam Air Force Base to Travis Air Force Base. Actual time departure from Hickam 13/0645Z, estimated time arrival Travis 13/1716Z.

2. Message received as follows: "At 13/1045Z, position 26° 5'N-146° 12'W object was sighted. Bright light moving left parallel with aircraft. Aircraft lights were blinked at object. Reported object signaled back to aircraft. After 5 minutes object moved away to NE at very rapid speed climbing at this time. Weather was 3/8 CU tops 6000, clear above."

3. Duty Officer, Pearl Rescue, advised CINCPAC and CINCPAC passed information to Hickam AFB. Hickam sent following wire to Travis AFB: "Request Travis TOC notify Intelligence to debrief crew on Aircraft #1030 on object sighted and submit appropriate report."

Comment: As far as can be determined by the preparing officer, no other friendly aircraft were in the area at the time of the sighting. It is assumed that the Intelligence section at Travis Air Force Base will submit full report to the proper authorities.
