(9) None

(10) None were heard or seen by the observer.

(11) Director of Operations and Training. The preparing officer advanced the theory that the balloon like object might be a weather balloon released from another area. The sighter was shown a weather balloon and stated the colors were not similar. He stated further that the object disappeared so fast that it diminished in size from that of a wash tub to a mere speck in approximately one minute. The existing winds would not provide propulsion of that velocity.

SUBJECT: Report of Unidentified Flying Objects (UFO)

TO: Commander
Headquarters Air Defense Command
Colorado Springs, Colorado

1. In compliance with Air Force Regulation 201-2 subject as above, dated 12 August 1954, the following report of UFOs and information relative thereto is herewith submitted.

2. The sighting reports emanate from Killeen Base, an organization of the United States Army located immediately adjacent to this installation, and within the confines of Ranger Area 303. All sightings were made by members of a Military Police company who are on duty on a round-the-clock basis. Subject personnel were at first reluctant to report the sighting and therefore some of those reported herein occurred in early October 1954. However, other than the single sighting of a balloon like object, the action of the luminous like objects have remained consistent on all sightings.

3. This headquarters conducted a preliminary investigation in the local area including Fort Hood, Texas, a two division organization under the III Corp United States Army and Killeen Base, with the following results.

- a. No organizational training in progress using pyrotechnics or rockets which might account for the luminous like objects.
- b. No report of similar sighting by this station or Fort Hood.
- c. No unidentified returns on the RCA radar scope.
- d. No known weather balloon releases.

1. In compliance with Air Force Regulation 201-2 subject as above dated 12 August 1954, the following report of UFOs and information relative thereto is herewith submitted.

2. The sighting reports emanate from Killeen Base, an organization of the United States Army located immediately adjacent to this base and within the confines of Danger Area 303. All sightings were made by members of a Military Police company who are on duty on a counter-duty basis. Subject personnel were at first reluctant to report the sightings and therefore some of those reported herein occurred in early October. However, other than the single sighting of a balloon like object, the action of the luminous like objects have remained consistent on all sightings.

3. This headquarters conducted a preliminary investigation in the local area including Fort Hood, Texas, a two division organization of the III Corp United States Army and Killeen Base, with the following results.

- a. No organizational training in progress using rockets which might account for the luminous like objects.
- b. No report of similar sighting by this station or other units.
- c. No unidentified returns on the TCA radar scope.
- d. No known weather balloon releases.
