The Pentagon
Washington D.C.

Dear Sirs:

Recently, while looking through some
old pictures, I came upon the enclosed snapshot
There are two strange black dots on it which
I have circled. I am reporting them as u.f.o.s
I do not know when this picture was taken
I took it accidentally. I no thing I do know
he was around 1954 to 1956. Thank You

Yours Sincerely,
[REDACTED]

P.S. My address is [REDACTED]
[REDACTED] Shreveport, La. in
case you need to contact me.

SAFIS-3/Maj Tacker/jmd/74966

27 February 1958

Dear Mr. [REDACTED]

This is to acknowledge your letter of 29 January 1958 concerning unidentified flying objects which you photographed during the period of 1954-1956. The long time interval since the sighting, the lack of supporting information, and the poor quality of the photograph made it most difficult to properly evaluate this sighting.

However, enlargements show the objects appear to be birds on the rise, probably pheasants. Also, the foggy condition of the sky indicates smoke, possibly from a forest fire or brush fire.

We are returning the original photograph with one enlargement, together with the latest Department of Defense fact sheet on unidentified flying objects, dated 5 November 1957.

Sincerely,

LAWRENCE J. TACKER
Major, USAF

COMMENT NO. 1

COMMENTS (Use reverse, if necessary)

1. Enlargements show that objects appear to be birds on the rise, probably pheasants
2. Bad photography: out of focus, and taken during what appears to be either a forest fire or fog.
3. Source should be queried why report a UFO 3 years after it happened.
4. In keeping with USAF policies, returning original and one enlargement to owner.

George T. Gregory
