10. BRIEF SUMMARY OF SIGHTING An extreme bright falling object was observed by a commercial pilot and by a GOC observer for a period of 3-4 seconds. GOC observer stated object was red, yellow, and green. No aerial activity in the area at that time. No Report in File.		11. COMMENTS Due to the delay in receiving an initial report (10 days), coupled w/ the improbability of further investigation being helpful, no follow-up investigation authorized. The data received in the original rpt seems to follow that of some astronomical phenomena i.e. Meteor.
