

UFCB INDEX CARD

1. DATE 28 29 March 1955	2. LOCATION Lexington Airport; Pendleton, Ore.		12. CONCLUSIONS <input type="checkbox"/> Was Balloon <input type="checkbox"/> Probably Balloon <input type="checkbox"/> Possibly Balloon
3. DATE-TIME GROUP Local _____ GMT 30/0340Z March 1955	4. TYPE OF OBSERVATION <input checked="" type="checkbox"/> Ground-Visual <input type="checkbox"/> Ground-Radar <input type="checkbox"/> Air-Visual <input type="checkbox"/> Air-Intercept Radar		<input type="checkbox"/> Was Aircraft <input type="checkbox"/> Probably Aircraft <input type="checkbox"/> Possibly Aircraft
5. PHOTOS <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	6. SOURCE Civilian		<input type="checkbox"/> Was Astronomical <input type="checkbox"/> Probably Astronomical <input type="checkbox"/> Possibly Astronomical
7. LENGTH OF OBSERVATION Two (2) Minutes	8. NUMBER OF OBJECTS Two (2)	9. COURSE straight line due south	<input checked="" type="checkbox"/> Other _____ <input type="checkbox"/> Insufficient Data for Evaluation <input type="checkbox"/> Unknown
10. BRIEF SUMMARY OF SIGHTING <p>Two (2) round, bright crimson objects seen three (3) minutes apart seemed to be as large a pumpkin held at arms length. Both objects seemed to disappear over the horizon heading due south. Both objects seen for a period of two minutes. Time of day: night/ Weather: Overcast. Nothing unusual noted on radar.</p>		11. COMMENTS <p>Due to the fact that this sighting took place at an airport seems in itself to be of value. The fact that the sky is completely overcast seems to rule out astronomical, except for meteorites and a sighting of two minutes rules that out. The object must have been very large to appear as large as a pumpkin at arms length. A possibility of seeing the local airport beacon seems to fill <u>most</u> of the requirements.</p>
