DETAILS:

1. This investigation was directed by the District Commander, 2d District OI (IG) USAF, predicated upon information that an unidentified flying object was sighted in the vicinity of Little Falls, New Jersey, on 15 May 1955.

2. On 16 May 1955, [REDACTED], Little Falls, New Jersey, telephonically gave the following account concerning the unidentified flying object he had allegedly sighted at 2122 hours on 15 May 1955:

(1) Description of the object.

- (a) Shape: Same shape as planet Jupiter but much brighter
- (b) Size compared to a known object held in the hand at arms length: Smaller than the diameter of the planet Jupiter
- (c) Color: Yellowish white; yellow color more discernible through telescope
- (d) Number: One (1)
- (e) Formation: Negative
- (f) Discernible features: Only its excessive speed, estimated at over 500 miles per hour
- (g) Tail, trail or exhaust: None discernible
- (h) Sound: None
- (i) Other pertinent or unusual features: Negative

(2) Description of course of object.

(a) What first called the attention of observer to the object? [REDACTED] advised that as a hobby he has been making celestial observations for the past year and a half, utilizing a thirty (30) power telescope. On 15 May 1955, while viewing through the telescope, his son noticed an object moving in the sky and brought it to his attention. [REDACTED] then manned the telescope.

(b) Angle of elevation and azimuth of object when first observed: The object was sighted due west at an elevation of 35 degrees.

(c) Angle of elevation and azimuth of object upon disappearance: Not applicable

(d) Description of flight path and maneuvers of object: The object flew straight and level from NNE to SSW.

(e) Manner of disappearance of object: Disappeared over the horizon

(f) Length of time in sight: Twenty (20) to twenty-five (25) seconds.
