Unidentified Flying Object Reported Seen from Barquisimeto

SUMMARY - Give summary which highlights the salient factors of narrative report. Begin narrative text on AF Form 112 unless report can be fully stated on AF Form 112. List inclosures, including number of copies.

1. An article in the local press, dat-lined Barquisimeto - 13 March (D. Silva), reported that, at 0300, 13 March, a violet colored luminous object with a red light made several passes over Barquisimeto at an altitude of approximately 2,000 meters. "The strange device was larger than an airplane, round in shape, and during its flight emitted a blue wake from its rear". The tower at Barquisimeto Airport was called, and it was stated that during the night no airplane was reported in the proximity of the city of Barquisimeto.
2. Reportedly, Sr. [redacted] (brother of [redacted]), Sr. [redacted] (Receptionist of the Hotel Nueva Segovia), plus some 15 employees of the hotel rushed into the street to observe the strange phenomenon, and a guest of the hotel, a British citizen, took several pictures of the object with a telephoto lens from the terrace of the hotel.
3. It was also reported from Carora that the luminous object had been seen flying over that town.
