10. BRIEF SUMMARY OF SIGHTING Report received by New York Journal Herald from observer. Passed on to 1st Army Thence to USAF. Source claims object appeared over Brooklyn heading for Idlewild Airport. Circled airport then headed south. Described as "flying saucer."		11. COMMENTS Inasmuch as Idlewild is one of the world's busiest airports, and air traffic over Brooklyn is heavy, odd that not one of a million people near these locations did not see this obj. No reports of unusual objects from this area within that time. Mistaken phenomena. No report on file.
