SPOT INTELLIGENCE REPORT

SUBJECT: Unidentified Flying Object Sighted in
Camden, N. J., on 23 August 1957 by
Mr. BALLASSAR (NNM) BOTTOS

TO: Commander
Air Defense Command
Ent Air Force Base
Colorado Springs, Colorado

1. SYNOPSIS: Mr. [REDACTED] interviewed 30 August 1957, stated that while watching the sky enroute to work in Camden, New Jersey, he observed a glowing bell-shaped object the size of a grapefruit, climb and then dip out of sight NE of Camden, N. J. U. S. Weather Bureau, Philadelphia, Pa., reported no unusual weather or celestial activity noted on that date.

2. DETAILS:

AT PHILADELPHIA, PENNSYLVANIA

a. On 30 August 1957, Mr. [REDACTED], age 45, [REDACTED] Camden, N. J., was interviewed at U. S. Naval Supply Depot, 700 Robbins Avenue, by Special Agent DOUGLAS T. REYNOLDS.

[REDACTED] advised that at 0700 hours to 0710 hours, 23 August 1957, while proceeding to work from his home, he observed a bell-shaped, silver, glowing object, the size of a grapefruit held at arms length. [REDACTED] advised that the object seemed to climb, then dive and disappear. [REDACTED] further advised that while the object was performing the maneuver it was also going away from his position and getting smaller in appearance. [REDACTED] stated that, to his knowledge, there was only one object that seemed to elongate and flatten out as it moved away from him. [REDACTED] further stated that he saw no tail, trail, exhaust or any describable feature, nor did he hear any sound. [REDACTED] advised that the object was at approximately 45° when he first sighted it and at approximately 25° when it disappeared. Total duration in view was approximately one (1) minute.

SUBJECT: Sighting of Unidentified Flying Object in Camden, N. J. on
23 August 1957 by Mr. ██████████ SPOT INTELLIGENCE REPORT (Cont'd)

██████████ described the method of his sighting and observation of the object as ground-visual. ██████████ produced a photograph of the object that he had taken.

Location of the observer at the time of observation was between his home and the Palmyra-Tacony Bridge.

██████████ identified himself as a civilian carpenter employed by the U. S. Navy at the U. S. Naval Supply Depot, Philadelphia, Pa. ██████████ further advised that he is a retired U. S. Navy Chief Petty Officer and has had observer experience as part of his past navy duties.

██████████ advised that he was watching for the object as he had seen it almost every day for the past week on his way to work. ██████████ advised that he first started seeing the objects since he first read two books on "flying saucers". ██████████ further advised that he feels that the objects will land in the future and contact him personally but that he does not know when this contact will take place.

Note

WEATHER:

b. Source was unable to describe the weather other than it was daylight and hazy.

On 30 August 1957, ██████████ Steno-Clerk, U. S. Weather Bureau, Philadelphia, Pa., furnished Special Agent DOUGLAS T. REYNOLDS with the following observation 1155Z, 23 August 1957.

Winds:

At Surface	20 Degrees	7 Knots
6000'	80	11
10000'	60	12
16000'	40	15
20000'	20	11
30000'	50	20
50000'	290	11

Ceiling: None

Visibility: 3 miles with smoke

Clouds: None

SANFILITTO advised that records contained no information concerning any meteorological activities or conditions that might account for the sighting.
