March 15, 1960

Dear Sirs,

On March 14, 1960 at  
approximately 6:15 P.M., I observed  
what we think was a flying  
saucer. I called my mother,  
father, and my sisters to  
observe it also. It was flying  
at a high altitude, and was  
circular in shape, and very  
brightly lighted. It was traveling  
at a very low speed, so we

observed it for a few minutes.  
The next day in my school class  
room, I told my teacher about  
it. He then told the members  
of our class about it, and  
found out other children  
had observed the something  
with their parents on the  
same evening, so I decided  
the best thing to do was to  
tell you about it.

Sincerely yours,

OSAF

Dear Miss [REDACTED]:

This is to acknowledge your letter of 15 March 1960 regarding the sighting of an unidentified flying object.

Your letter does not contain sufficient information for a valid conclusion. Therefore, request you and your parents fill out the attached Air Force Questionnaire in regard to this sighting and forward the completed papers to the Aerospace Technical Intelligence Center, Wright-Patterson Air Force Base, Ohio, for analysis and evaluation.

Sincerely,
