10. BRIEF SUMMARY OF SIGHTING Egg shaped, at very low altitude it was about the size of medium plane, appeared silver with flashing red light on bottom and several red lights on top, first seen in NE, moved to SW and made a 180° turn to the NNE where it disappeared, made the turn at very low altitude, seemed to suddenly vanish, seen for 5-6 min.		11. COMMENTS Object was seen over a fairly highly populated area for a period of 5-6 min. It was size of a medium plane at a very low altitude, according to witness. There is no information in the report to indicate that this is other than an a/c. Speed and flashing lights along with the maneuvers indicate this conclusion.		

This case includes one (1) photocopied
