Remarks: Possible correlation w/ Echo I Satellite. Mrs. [redacted] was fishing at Green Green Lake, near Pontiac, Mich., when she observed this UFO. This sighting was originally telephoned to higher Hq (30 ADiv) and later it was discovered that format reporting procedures had not been followed, resulting in this delay. Rather involved reporting sequence makes back-tracking to source difficult, however, if more information is desired, every effort will be made to contact her.

g. (1) Not Reported.
