"UFO sighted at 2200 in direction of Ohio River from Ironton, Ohio at about a location of 2 o'clock in the sky. UFO looks like a bright star rotating in a clockwise direction and then in a counterclockwise motion. Occasionally will go to right or left but will return to original pattern. While in a counterclockwise rotation the UFO will increase speed tremendously and a gust of light could be seen behind it. UFO still seen at time of call. In addition, a Mr. [REDACTED] a radio announcer at station WIRO in Ironton observed the UFO with Mr. [REDACTED]"

Local checks with the following were made:

1. Patterson Field
2. AACS
3. RAPCON
4. WX Balloon Release

Nothing.

AACS reported receiving a call from Indianapolis asking about a similar UFO which was heard over a radiostation near Charleston, W. Va. (Ironton is about 50 miles away).

16 0600 - Received a call from AF Cnd Post on a UFO, which is as follows: UFO sighted by a SAC A/c from near Memphis, Tenn. Object 100 to 150 miles south at 1000Z 16 Sep. Large bright ball, 50 to 60 feet in dia. rose from ground to about 60,000 feet and disappeared. AF believes this to be a sighting the Atlas missile fired at 1000Z from the Caps.
