

PROJECT 10073 RECORD CARD

1. DATE 15 Oct 60		2. LOCATION Worland, Wyoming		12. CONCLUSIONS <input type="checkbox"/> Was Balloon <input type="checkbox"/> Probably Balloon <input type="checkbox"/> Possibly Balloon <input type="checkbox"/> Was Aircraft <input type="checkbox"/> Probably Aircraft <input checked="" type="checkbox"/> Possibly Aircraft <input type="checkbox"/> Was Astronomical <input type="checkbox"/> Probably Astronomical <input type="checkbox"/> Possibly Astronomical <input type="checkbox"/> Other _____ <input type="checkbox"/> Insufficient Data for Evaluation <input type="checkbox"/> Unknown	
3. DATE-TIME GROUP Local 1935 GMT 16/0235Z		4. TYPE OF OBSERVATION <input checked="" type="checkbox"/> Ground-Visual <input type="checkbox"/> Ground-Radar <input type="checkbox"/> Air-Visual <input type="checkbox"/> Air-Intercept Radar			
5. PHOTOS <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		6. SOURCE Civilian			
7. LENGTH OF OBSERVATION 4-6 min		8. NUMBER OF OBJECTS one	9. COURSE descending to S		
10. BRIEF SUMMARY OF SIGHTING Shaped like the head of an arrow with the tip pointed earthward. Size of dime; color varied from translucent red at the lower tip to pale yellow at the upper edges. At times there appeared to be a slight trail or exhaust extending upward from the object that would appear like part of the shaft of an arrow, but was not persistent. Appeared 15-20° elev, approx 260° azimuth. Disappeared 10-0° elev, 260° azimuth. Disappeared instantly.			11. COMMENTS Winds present were southerly, ruling out possibility of balloon, as the object was moving W. Witnesses stated that there was some evening twilight in the western sky, and a check indicates this to be true. Any object seen in the western sky at a distance of several miles would reflect the sun's rays, if it were a light colored object. Since no records are kept of a/c flying VFR, it is possible that object observed was an a/c reflecting the sun's rays. (JUPITER WAS AT 260° AZ 3' ELEV)		

## SUPPLEMENT TO AF FORM 112

## ORIGINATING AGENCY

Intelligence Division, 28 Bomb Wg  
Ellsworth AFB, SDak

## REPORT NO.

PAGE 3 OF 4 PAGES

## c. Manner of Observation:

(1) The object was observed from the ground by the naked eye and with binoculars.

## d. Time and date of sighting:

(1) 160235Z October 1960.

(2) Night. A slight amount of evening twilight on the western horizon.

e. Location of observers: 4358 $\frac{1}{2}$ N - 107 $^{\circ}$ 58' W. Worland Municipal air port.

## f. Identifying information on observers:

(1) Mr. [REDACTED] civilian, 27 years old, mailing address, General Delivery, Ten Sleep, Wyoming. Occupation: School teacher. Education: BS Degree. No military background. Considered a reliable witness.

(2) Mr. [REDACTED], civilian, 22 years old, mailing address, [REDACTED] Worland Wyoming. Occupation: Station agent for Frontier Airlines. Education: High school graduate. No military experience. Considered a reliable witness.

(3) Mr. [REDACTED], civilian, 38 years old. Mailing address: [REDACTED] Worland, Wyoming. Occupation: Flight service specialist for two years. Education: Two years of college. Military experience: Flew as an aerial gunner with the navy during WW II for three years. Considered a reliable witness.

## g. Weather and winds:

(1) Observers account of weather conditions: Clear with visibility unrestricted. Surface temperature 40 $^{\circ}$  F.

(2) Report from nearest AWS or US weather bureau office. A check of the weather stations at Worland, Cody, Lander and Casper Wyoming, confirmed the following weather information. No wind was available above 16,000 feet. Surface winds, SSE 7 knots; 6,000 feet, South at 10 knots; 10,000 feet, South at 10 knots; 16,000 feet, SSW at 10 knots.

(3) Ceiling: Unlimited.

(4) Visibility: Unrestricted.

(5) Amount of cloud cover: None.

(6) Thunderstorms: None.

(7) Temperature gradient: Temperatures aloft were not available at the time and position of the sighting. Hourly temperatures at the surface as recorded at Worland were:

15 2255Z Oct 60 - 54 $^{\circ}$ F	16 0255Z Oct 60 - 40 $^{\circ}$ F
15 2355Z Oct 60 - 52 $^{\circ}$ F	16 0355Z Oct 60 - 38 $^{\circ}$ F
16 0055Z Oct 60 - 44 $^{\circ}$ F	16 0455Z Oct 60 - 36 $^{\circ}$ F
16 0155Z Oct 60 - 39 $^{\circ}$ F

It may not be reproduced in whole or in part, by other than United States Air Force Agencies, except by permission of the Director of Intelligence, USAF.

No Case (Information Only)

4 October 1960  
Cressy, Launceton, Australia

On October 4 at Cressy, Launceton, Australia Reverend and Mrs. ~~██████████~~ reported sighting a grey, cigar-shaped object with a dull surface, which came down through a cloud cover, headed north at about 400 feet off the ground. Then out of the clouds above and behind the ship, they saw five or six small disc-shaped objects, which traveled fast. Their movement was compared to "flat stones skipping along the water."

\*\*\*\*\*31  
OCT. 4, 1960 CRESSY, LAUNCETON, AUSTRALIA (LORENZEN P 214) 2 WITNESSES00  
DURING THE EVENING OF OCTOBER 4, 1960, AN OBSERVATION AT CRESSY CAUSED 01  
CONSIDERABLE ATTENTION IN THE AUSTRALIAN NEWSPAPERS. AT 6.10 P.M., MINUTES 02  
AFTER CRESSY RESIDENTS REPORTED A MYSTERIOUS EXPLOSION, THE REVEREND AND 03  
MRS. [REDACTED] BROWNING SPOTTED A GRAY, CIGAR-SHAPED OBJECT WHILE LOOKING THROUGH04  
THE RECTORY WINDOW AT A RAINBOW IN THE EAST. MRS. [REDACTED] SAW THE OBJECT 05  
FIRST AND POINTED IT OUT TO HER HUSBAND. THERE WERE FOUR VERTICAL BANDS ALONG06  
THE SIDE OF THE OBJECT, AND AT THE BOW END A ROD WITH WHAT APPEARED TO BE A 07  
SMALL PROPELLER AT THE END JUTTED OUT. THE WIND WAS LOUD AND NO SOUND WAS 08  
HEARD ABOVE IT. THE SPEED OF THE OBJECT WAS ESTIMATED BY THE REVEREND 09  
[REDACTED] AT ABOUT 500 M.P.H., AND IT TRAVELED IN A STRAIGHT PATH TOWARD WESTERN10  
JUNCTION. AFTER ABOUT A MINUTE OF STEADY MOVEMENT THE OBJECT STOPPED IN 11  
MIDAIR, HOVERING OVER THE PANSHANGER ESTATE, ABOUT THREE MILES AWAY. THE 12  
[REDACTED] WATCHED THE OBJECT FOR ABOUT ANOTHER THIRTY SECONDS AND THEN WERE 13  
SURPRISED TO SEE FIVE OR SIX SMALL DISC-SHAPED OBJECTS APPEAR OUT OF THE 14  
CLOUDS ABOVE AND BEHIND THE LARGER OBJECT. THE DISCS WERE TRAVELING VERY FAST15  
AND THE [REDACTED] COMPARED THEIR MOVEMENT TO \*FLAT STONES SKIPPING ALONG THE 16  
WATER.\* THE SMALL OBJECTS STATIONED THEMSELVES BESIDE THE LARGER OBJECT 17  
WITHIN A HALF-MILE RADIUS. THE MINISTER SAID THEY WERE ABOUT THIRTY FEET IN 18  
DIAMETER, BUT HE WAS NOT CERTAIN OF HIS ESTIMATE. \*AFTER SEVERAL SECONDS,\* 19  
THE REVEREND [REDACTED] REPORTED, \*THE LARGE OBJECT, ACCOMPANIED BY THE SMALLER 20  
OBJECTS, REVERSED THE WAY THEY HAD COME.\* THE LARGE OBJECT, HE SAID, DID NOT 21  
MANEUVER TO RETURN INTO THE CLOUD -- THE ROD END WAS THE LAST PART OF THE 22  
OBJECT TO ENTER THE RAIN CLOUD. THE OBJECT RETURNED TO THE CLOUD FASTER THAN 23  
IT HAD EMERGED AND WAS GONE FROM SIGHT WITHIN THIRTY SECONDS. BROWNING SAID 24  
HE BELIEVED THE LARGE OBJECT WAS GOING TOWARD WESTERN JUNCTION UNDER COVER OF 25  
HEAVY RAIN, AND \*IT APPEARS THE OBJECT SAILED ON FOR SOME SECONDS UNAWARE THAT26  
IT HAD SHED ITS PROTECTION.\* 27

No Case (Information Only)

10 October 1960  
Tasmania

On October 10 on the island of Tasmania, a Church of England Minister revealed he had seen "a mother-ship and six flying saucers" a week before, but had kept silent until other witnesses in the area reported seeing unknown flying objects.

No Case (Information Only)

14 October 1960  
Anaheim, California

1960

A sighting which occurred in Anaheim, California, on October 14th may be unique in one detail: Two star-like saucers were seen, one of them flying slightly faster than the other. Eventually the fast one overtook the other, seemed to engulf it, flew away, and disappeared..

YOUR MSG DO 33-60, DTD 16 OCT 60, FR THE 130TH ACW SQ RPTG THE SIGHTING OF AN UFO AT WORLAND, WYO. REQ YOU CONTACT THE WITNESSES, MR. [REDACTED], ITC SPEC, AND MR. [REDACTED] STATION AGENT FOR FRONTIER AIRLINES, BOTH OF WORLAND, IN AN ATTEMPT TO GET MORE INFO CONCERNING THEIR SIGHTING. IN ADDITION TO OTHER INFO FURNISHED, REQ THE FOLLOWING: DESCRIPTION OF THE OBJ AS SEEN THROUGH BINOCULARS, AND ALSO WITH THE NAKED EYE. WHAT WAS THE ELEVATION AND AZIMUTH OF THE OBJ WHEN FIRST SEEN? WHEN LAST SEEN? THE INFO RPTD SUGGESTS THE POSSIBILITY OF THE OBJ BEING A BALLOON. REQ A CHECK BE MADE WITH STATIONS EAST OF WORLAND TO DETERMINE WHEN A BALLOON WAS LAUNCHED, FLIGHT PATH OF BALLOON LAUNCHED, AND DURATION OF FLIGHT, IF KNOWN. THE MSG SUGGESTS THERE WERE OTHER WITNESSES. REQ AN ATTEMPT BE MADE TO CONTACT ALL WITNESSES TO THIS SIGHTING AND INFO RPTD IN ACCORDANCE WITH AFR 200-2, DTD 14 SEP 1959.

## REPORT NO.

PAGE 2 OF 4 PAGES

## 1. Narrative Report.

## a. Description of the object.

- (1) Shape: The object was shaped like the head of an arrow with the tip pointed earthward.
- (2) Size: The size as described by all observers was the size of a dime, considering the size of stars in the area as a pin head for comparison.
- (3) Color: The color varied from translucent red at the lower tip to pale yellow at the upper edges.
- (4) Number: One.
- (5) N/A
- (6) None.
- (7) Tail, trail or exhaust: At times there appeared to be a slight trail or exhaust extending upward from the object that would appear like part of the shaft of an arrow, but was not persistent.
- (8) Sound: None
- (9) None.

## b. Description of course of object:

- (1) What first called the attention of observers to the object: Mr. [REDACTED] delivered air mail to the municipal air port each evening around 18:30 local time, and he noticed the object as he was entering the air terminal. He in turn brought it to the attention of Mr. Jarvis and Mr. Worthan.
- (2) Angle of elevation and Azimuth when first observed: Between 15° and 20° elevation and azimuth of approximately 260°.
- (3) Angle of elevation and azimuth of object upon disappearance: Between 10° and 0° elevation and still at approximately 260° azimuth.
- (4) Description of flight path and maneuvers of object: The flight path appeared to be almost directly downward with possibly a slight drift to the south.
- (5) How did the object disappear: It disappeared instantly at an azimuth of 260°, below the horizon of the Absoroka mountain range, at an altitude of between 11,000 and 12,000 feet, approximately 63 NM from the municipal air port at Worland Wyoming.
- (6) How long was the object visible: Between 4 and 6 minutes.
