Weather at time of sighting was: 100-200 ft ceiling with 1/2 mile visibility. It is possible that this was the first time witness saw light under these conditions. At 1035, 27 Dec 60, called Captain Holly, Assistant Operations Officer at Reese AFB, Texas, for additional information on the alleged UFO, sighted on 12 Dec 60 southwest of Seminole Texas. In his initial report, Capt Holly stated that a T-33 was dispatched to the area 16 Dec 60, and the pilot sighted a rotating beacon mounted on a 50 foot pole. The beacon had all the characteristics as that reported for the UFO. ~~He~~ Capt Holly was asked if he knew how long the light had been there. He said that he had tried to determine how long it had been there, with negative results, ~~but~~ ^{he} added that from the information he could get, ~~it~~ and talking to individuals, he gathered that it had been there for some time.

1. At 1055, 27 Dec 60, the following additional information, concerning the UFO ~~sighted~~^{sighting} southwest of Lemoore, Texas, was received from Capt. Holly, Assistant operations officer, Reese AFB, Texas.

2. ~~There~~ The civilian observers were in moving trucks and were checking the equipment of an oil company. The oil company has pumps, tanks and other equipment located in the area where the UFO was seen. There were 6 or 7 trucks in the area, all radio equipped, and only one experienced any radio trouble. The fact that the others didn't have radio trouble indicates this to be a coincidence. The civilians were the only ones

A. IT HAS APPEARED REGULARLY IN BOTH CLEAR AND CLOUDY WEATHER AND HAS EVEN BEEN NOTICED ON ONE OCCASION WHEN A THUNDERSTORM WAS IN THE GENERAL AREA. TIMES OF THE SIGHTINGS HAVE VARIED FROM 1800 TO 2430 HOURS.

B. THE MOST IMPRESSIVE FEATURE MENTIONED ARE BRIGHT SHINING LIGHTS WHICH HAVE BEEN DESCRIBED AS A ROTATIONAL BEACON OR A NUMBER OF STROBE LIGHTS HOOKED UP IN SEQUENCE AROUND THE OBJECT. PERSONNEL REPORTING SIGHTINGS OF LESS THAN ONE HALF (1/2) MILE DISTANCE HAVE ALSO REPORTED SMALL RED AND GREEN LIGHTS.

C. NO NOISE HAS BEEN REPORTED.

D. ONE EFFECT MENTIONED IS THAT COMMERCIAL AS WELL AS SHORTWAVE RADIOS LOSE ALL SOUND, AND TELEVISION INTER-FERENCE IS EXPERIENCED WHEN THE OBJECT IS IN THE AREA.

*HAPPENED TO ONE TRUCK -
6-7 TRUCKS, ALL HAVE
RADIOS*

PART II. THE PEOPLE IN THIS AREA HAVE NO DESIRE FOR PUBLICITY AND HAVE BECOME SO CASUAL ABOUT THE SIGHTINGS AS TO REFER TO THE OBJECT IN TERMS OF "HE, HIM, AND IT". THEY ALSO EXPRESS A CERTAIN AMOUNT OF APPREHENSION AND A GREAT DEAL OF CURIOSITY. THEY WELCOMED THE PRESENCE OF AIR FORCE
