| <b>10. BRIEF SUMMARY OF SIGHTING</b> Round, bright silver objects. Size of nickles. Appeared side by side. Appeared directly overhead at 40,000'. One objt disappeared going straight up; 2nd disappeared going southward. Objts side by side for several minutes; then they separated as described above. |  | <b>11. COMMENTS</b> Objts were probably highflying a/c. Convair is located at Carswell and they are presently flying B-58 a/c. This is a relatively large delta-winged plane and could appear as a disc at high altitude. It is not unusual that highflying a/c are not heard. Objts of this sighting were probably a/c. |  |
