10. BRIEF SUMMARY OF SIGHTING Bright white objt with blue green cast to left and behind position. Objt high sighted bearing 202 altitude 35°.		11. COMMENTS Space track reports that there was no satellites in this area at time. Info reported is limited in nature precluding a valid conclusion. It is possible that the light could have been an anti-collision light on an a/c, however due to large number of military and civilian a/c flying over Pacific Ocean a further investigation is not feasible.
