CASE

Summer 1961

Dear Defence Department

One summer night in 1951 about 11:00 p.m.  
and someone saw something that looked  
like a big white object that they were  
in and out again for some time it wasn't  
the and appeared to be a person was in  
your balloons I ask a man about it and  
said that he would bring a telescope, but  
not bring it, but you know they  
for me don't look that I'm trying to be  
funny because I'm not thank you.
