(Please pass to ATIC)

DATE: March 23, 1962.

FROM : [REDACTED] *ABG*

SUBJECT: Three UFO's Observed at 10.45 a.m. EST, March 22, 1962.

The following report was received last night by telephone from Mr. [REDACTED], [REDACTED] Washington Street, Hyde Park 36, Mass. (Tel. [REDACTED]):

Mr. [REDACTED] was looking to the north-west out of the window of an office building situated near the Cathedral in Boston. He noticed a jet plane traveling from the north-west till it passed over the building. Above the vapor trail of the plane he noticed three objects at a great height and thought at first they were seagulls. Then he saw that they were definitely round, though small because of distance, and were moving in sudden darts at high speed and making sharp right-angled turns. They were silver gray and shone brightly in the sunlight. Mr. [REDACTED] observed these objects for two or three minutes until they finally passed over the building and out of sight. He was alone in the room at the time. His account sounded sensible and authentic.
