Chers messieurs

J'aurais - vous être assez gentils pour me dire
quel objet se trouverait dans l'espace au-
dessus des Basses Pyrénées dans le sud de la
France allant d'ouest en est le 19 juillet
1962 à peu près 21^h 30 à l'heure Européenne
Celle chose avançait avec rapidité et ressemblait
à une étoile. J'ai pu la voir pendant 30 m.
à peu près

Merci beaucoup pour l'information
concernant l'engin

Veuillez agréer toute
ma considération
