Dear Sirs;

Please send me the Air Force news release concerned with the UFO sightings caused by the re-entry of the Russian sputnik.

Also would you please answer this question? Was the re-entry spread out over 2 to 4 days, or did the whole sputnik enter at the same time? The reason I ask that was because a night after the reported re-entry a Mantville Twp. (Ohio) Fire Chief, [REDACTED] saw what he described as a cone-shaped object fall from the sky and disintegrate before reaching the ground. Reports resembling [REDACTED] came in from surrounding towns. Although no physical evidence has been found [REDACTED] report has been proven true. I would like to know if you had anything on the sighting, since it does cause quite a problem.

Thank you.

Sincerely yours,
[REDACTED]
