SUMMARY At 2300Z hours on 23 October 1962 observer was duck hunting in Farmington Bay Refuge Area (112° 0 minutes west, 40° 59 minutes north) when he heard what sounded like a flock of ducks coming over his position. Noticed a gray and silver round ball 3 feet in diameter approaching from the west at approximate speed of jet aircraft. Object was trailing what appeared to be gray or silver twine or cobwebbing with two knots trailing behind object. After passing over, object swerved to southeast and accelerated to a tremendous speed and disappeared in one or two seconds. Object was visible for approximate 20 seconds.

1. At 0336Z hours, 25 October 1962, Federal Bureau of Investigation, Salt Lake City, Utah, received a report of UFO sighting from Mr. [redacted] Salt Lake City, Utah, telephone [redacted]. Subject report was relayed by S/A Carter Jones, FBI, to Office of Special Investigations, then to Security and Law Enforcement Division, COBB, Hill AFB, Utah.

14k The preparing officer is a Security Specialist, GS-7, Security and Law Enforcement Division, Hill AFB, Utah. Preliminary analysis indicates that the observer interviewed was a logical, mature person, and was convinced that he observed some tangible object, not identifiable as conventional type aircraft. No unusual meteorological or astronomical conditions were present which would furnish an explanation for the sighting. No missile test firings are conducted in the immediate area. With the completion of this initial report, no explanation has been developed for the object. No further action contemplated this station, unless follow-up report requested.
