This replies to your letter in which you reported your unidentified observation of October 25, 1967. The description you provided in your letter is similar to that of an aircraft observation. We have had many reports, such as yours, that have been determined to be aircraft sightings. Your report is being placed in the "Aircraft" category since there is nothing in your report to indicate that you did not observe an aircraft. Thank you for reporting your observation to the Air Force.
