THE COVER

The cover represents a Great Cosmic Being, His Creative-Consciousness merged with the One.

In this sketch, I try to illustrate the God-Creative-Energy and Space energy as we know it.

The human body is made of cells in water with minerals. That is the chemical make-up of the body.

According to the physicist, the human body is nothing but Space and Energy spiraling at certain rates of vibration. The molecules and atoms having unlimited Spaces between and within themselves.

Now, when we go "within" and contact the Inner God-Self of us, we then, began to use the God-Soul-Energy, which is the greatest energy in the Universe. Going "within" is process of merging with the One Creative God-Consciousness and then, one begins to create Anew, like God creates Within His Kingdom.

A RELEASE...ON FLYING SAUCERS FIRST CONVENTION.

By Orfeo Angelucci

Flying saucers first convention was held three days, Sunday through Tuesday, Aug. 16, 17, 18, from 10:00 A. M. to 11:00 P. M. The attendance exceeded expectations of everyone.

It became necessary to conduct a session each afternoon at 1:00 o'clock in addition to the regular evening session. The sessions were presentations of various speakers widely known in the subject of flying saucers, and a question and answer audience participation period. All the speakers met the questions hurled at them with a most admirable degree of confidence. They included Frank Scully, author of "Behind the Flying Saucers", and its central figure, Silas Newton, one of the first speakers was Geo. Van Tassel, followed by Geo. Adamski. Orfeo Angelucci, Arthur Luis Joquel, 11, Jeron King Criswel. Dr. Nardin Walsh, dean of Scientology presented his version with a blackboard illustration.

Arthur Luis Joquel, 11, author of "The Challenge of Space", gave a most factual presentation, flatly stating that the air force has more definite data in its files than can be casually released and brought forth much significant information in this.

All the speakers stayed beyond their promised one or two periods because they were surprised at the number and caliber of the audience. The audience included many who voiced their own sightings, and these adhered close to the general pattern of sightings. All sides and views were presented with no unnecessary friction or conflict. The essence of the entire affair seemed to point in that direction, namely that the flying saucers indicate space visitors. Even the esoteric side was presented, and Miss Genevieve A. Johnston, editor and publisher of "Interplanetary News" presented a delightful short talk on her stand.

On Monday evening the people came in large crowds, overflowed along the sidewalk and along Hollywood blvd, inspite of the meager publicity given in advance. The final question raised by so many was, When will there be another, and where?

SPECIAL INTERPLANETARY NEWS

Received by Editor, Sunday Eve, Sept. 27, 1953

"We are considering Joshua Tree and locality as a possible World-Space Plane Station and landing field. Stations are now being built over most of the surface of your planet earth.

In conjunction with World-Space Station, we are also planning an Universal Headquarters Center to be in vicinity of Joshua Tree. This for individuals and groups desiring to cooperate and communicate with beings from other planets and systems.

Joshua Tree and surrounding desert is place of Peace and high degree of Spirituality. This area has much to do with the work of uncovering the Spiritual United States of America".

Personally, I do not have to be convinced that there are human-beings on other planets in our own Solar System as well as beyond. I have always known it to be so.

For Life is just as Light is! Life on other planets may be based on other elements then what it is here in our earth.

It won't be too long and our people too, shall belong to the Federation of Planets and Systems. It is difficult to believe that we are at the bottom of the list. But if such is the case, we must, at once, wake up from out of our limited stupor and start living this New Way.

Now the New Way, is the same Old Way promised by the man Jesus, who filled with the Father's Divine Love, which is the Christ-Spirit, told us the same truth, two thousand years ago as He is telling us even now.

"Seek ye first, the Kingdom of God". And where is the Kingdom of God? "It is neither here nor there but, within thee", saidth the Master.

Now "within" does not mean from without or outside. This means in the secret place within thy great Infinite Self. This great Infinite God-Self, you are quite capable of contacting through your physical body.

Through this Infinite Self of me, I am in contact with Great Beings, who are so advanced that they do not need space craft to travel in through-out the Universe. Their minds are merged with the one great Universal Mind. These great ones have heard our prayers and are helping us to align ourselves for tremendous and thrilling new changes already taking place in our planet earth.

Fussion of the Christ-Spirit with the human is more important then nuclear fussion at present. Brotherhood of man must become an actual fact before we can began using atomic energy for constructive purposes. The Brotherhood of man will prove love, man for man and only then, are we capable of dominion and rule over all things.

"God created man in His own image, in the image of God created he him; male and female created he them". So, therefore, we are like God, if we but, realize it this instant and know this truth. If we but, know the truth that we are just like God in Spirit, that is! We can not be evil, we can only be ignorant, misinformed, and confused, because of the outer, conflicting with the Inner Positive Self.

So, therefore, we must go within to free ourselves from the conflict outside. There is soul-peace, love, harmony and power in the secret place Within.

The Inner Infinite God-Self, knows itself, to be just as God created It, like unto Himself. So, if you go "Within" you will soon know a new concept of yourself, a concept like unto God. Then you will attract God-like qualities and soul-understanding, compassionate love for your fellow human-beings will be the beginning of a new life for you, even here on this planet earth.

Reception through G. W. Van Tassel

My identity is Desca. In order to establish some sequence to this information, we shall begin with first things first. You people of this planet have been imprisoned within the limits of mass-mind. You must throw out the barrier of fear. You must discard the boundary of hatred. You must dissipate the selfishness of individual desire to attain physical and material things. You must toss out the dogma and myths of the past.

Now that you have broadened your mind to the Infinite ends of the Ultraverse, you start at the center of yourselves individually. Register there, the Creator could not have begun the first of His Creation had his Inner being of boundless self been limited in any way. You individually are granted the right to express His Powers. Do not say "May I Father?" Say rather, "I am the instrument of thy doings extend the love of thy will through me." Do not look upon the confines of your physical body as limits He has placed upon His doings. From within say "I am the Light and the Power. I am expressing His Will." Eminate the radiance of His being within you to unlimited distance from your body. Truly stand in the Light. Make this love force felt by those whom you meet in daily life. Never express the limit of doubt. If one asks you a question, do not keep the limit of mind anchored to self by answering "I do not know." Say rather, "I shall find out for you." Tear and rend these barriers from your mind that you are confined to earthly education, to material science, to religious belief. Expand your mind to include not other planets, not other constellations but, the one mind of the Universe, unlimited, open, and forever.

If you perform the act of removing the barriers confining individual mind, then, I shall reach you that you may understand His Infinite Wisdom which you are capable of. Do not present to others arguments based on books, unless the source be from the Light, of receptivity expressing truth, instead of theory, you are only confounding yourself and another. I thank you. I am Desca.

AN OPEN LETTER TO ALL SAUCER INVESTIGATORS:

By Geo. H. Williamson

This letter is for you to read if your are of the "crackpots" who claims he's seen a flying saucer, or at least who says he is interested in same!

Strangely enough, the number of "crackpots" is steadily and rapidly growing, numbering well-known men and woman in the ranks of the "believers".

The purpose of this letter is not to discuss the fascinating "discs", but to have a heart-to-heart talk with you fellow "screwballs".

Max Miller and others were kind enough to invite me to attend the recent Convention; but I was unable to attend. However, I really wanted to be there, because Max and many others have gone a long way to get all of us together. I have heard tape recordings of the speeches and have talked personally with several who were present at the convention. So, I feel as though I was just a "little mouse" looking on, after all. I know some of you have heard of our group here in Northern Arizona. We're the ones who are crazy enough to claim we have talked to Spacemen by radiotelegraphy!

As all of you know, this saucer business is really Big Business! If it were just the fact that Martians or Jovians were about one hundred years ahead of us in space travel and were coming down to Earth for a look-see, that fact itself would be quite startling and unbelievable to the general public. However, this is not the case...this saucer phenomena will directly affect our every way of life!

There is no question of hoaxing...none of you are fathering hoaxes, because I believe you know what majesty your are dealing with!

The great thing, I believe, is that you are all getting practically the same information, whether it is through radiotelegraphy with a "ham" operator or radioned to you in a meditation period. The human-being is a far better receiving set then the radio equipment. The saucer intelligences will use that which is available and usable. Some of you who have never met or even heard of each other receive almost identical information. Don't you realize that this is the Great Proof of the entire matter? This is tangible, it can be demonstrated and proved beyond the shadow of a doubt!

You are all receiving Truth, no matter what the medium for your information. It is only error when man-made interpretations of these experiences creep in. You all interpret your own material. I repeat... you are all saying the same thing...You might use different words and terminology, but it is still the same indential thing.

Remember, we must have the spiritual with the physical. Sincere, honest psychics have a part in this drama as well as those of us who have had contact through personal experiences in the desert or in a "ham" shack. And here's another fact that is overlooked and most important. So many people believe that the Saucers are all of the same origin. They say Mars, or Ether, etc. and that's that. This is not the case. We are dealing first of all with beings in our own physical plane dwelling on planets in our own Solar System. In this System there are different degrees of progression and attainment and we on Earth find

ourselves on the bottom of the list. However, we are also dealing with human-beings of other systems (many other systems) and some of these are even millions of years ahead of us. Here in Arizona we have been in contact with physical (as we know it) beings of our planetary neighbors in this system. This is what Adamski is talking about. Others have been in contact through telepathy (ESP) with more highly advanced beings of far-away systems. Some of them are so advanced they don't even need space craft to travel throughout the Universe! After all, is everything outside of Earth, identical, and are we the only variation in Creation? Of course not. We are being visited by many different types of fellow human-beings in different stages of advancement.

We have the greatest opportunity to do good on this pitiful planet that we have had in centuries....Let's take advantage of it.

May our Infinite Father guide each and every one of us and grant us humility that we will not be cast down with those who would exalt themselves!

Our deepest regards and best wishes to all of you.

GOD'S WORD FROM OUT OF THE GOLDEN MIST

From the Council of the Seven Lights, we reach an attunement through the Ring of Mas.

O Mortal, though my laws have been as doormats neath your feet. Though through centuries you have turned not to face the Light. I judge not, neither do I hold regrets, for all are given right to choose. Mortals in this density of three, having not chosen me, now stand, not beneath the whip, but rather facing rebound of the actions man has created. My laws are fixed. None can change the law of All Infinity. One fulfills the law, or faces judgement by the law, written in the Light of each of my created beings. Having turned my laws about, having approached solutions of the problems to individual destiny, now you are faced with your man-creations in opposition to my law. And so I gather up the scattered fruit, knowing the bulk of my harvest has been lost to repetition by repetition of errors, written in the history of mortals on this portion of me. So, I must brush off this contamination from my cloak, that I may hangit in my closet clean. And those who have for centuries failed to recognize my person within their beings, are forced by their action to repetition once again. My heart of manifested You is sore. But I shall recover to bring about the destiny as many times as necessary, that my pattern shall be complete for each one of my parts. And so, it is again and again, I cleanse my house. My love shall never fail. Everlasting Light is man's by choice alone and the choice I gave him.

(The above was received from the "Within" of Geo. Van Tassel at Giant Rock, Joshua Tree, on Sunday May 3, 1953.)

SPOTLIGHT ON AUSTRALIA

By Edgar R. Jarrold, President, Australian Flying Saucer Bureau
Reprint from July "Space Review"

Like IFSB, we are engaged in serious research into the many problems associated with flying saucers, and like other similar organizations we are working strenuously towards obtaining the ultimate solutions of where saucers come from, why, etc. We have great faith in the determined efforts of IFSB, we have global sightings in our files dating from 1661 onwards, Lunar, Martian, and Venusian phenomena.

We enjoy official exchanges of theories and sightings and are looking forward to even greater efforts in the future. Particularly, we genuinely appreciate the wonderful help given us, so unselfishly, by IFSB. We are proud, too, that our efforts are aimed at continued, even closer cooperation with the world's major investigation body, for only in universal unity do we see hopes of a quick solution.

Currently we believe from recorded data, that Mars is some way connected with the saucers' origin and we are exploring statistics suggesting that saucer reports occur in two year cycles. Previous heavy years, 1950 and 1952, coincided with Martian approaches. We anticipate even greater sightings in 1954 and 1956 when Mars comes even closer to earth. The years 1953 and 1955 should be fairly light ones and we hope to add more portions to the extra-terrestrial picture slowly unfolding. We take our task seriously and foresee increased public attention in the near future leading to more research, and we are proud of our vigorous association with IFSB. We send greetings to all.

Editor's Note:

Personally, I have been contacted by Visitors from Mars. I was informed that they are here on a special mission. The mission being that of settling and completely wiping out the negative and destructive element of war from our Earth.

These ambassadors from Mars to our Earth are here to contact those men who are determined to stay in business and reap profits by spilling human blood. They will deal only with those of our earth who are in the war-mongering business.

This condition must be removed from our earth, so that sincere and worthy souls will continue to polish this little grain of sand called our Earth and return it to its original perfect beauty.

SAUCER SIGHTINGS IN THE DESERT

Numerous sightings of various saucer craft was reported over the high desert during month of September. Here are a few.

During the Labor day holiday, one evening at seven-thirty, I was walking out to the patio at the Grand View Motel in Joshua Tree. Suddenly, I sensed the Presence of Cosmic Visitors. And following my perception, I saw a huge Mother-ship anchored about twenty feet off the desert floor close to the mountain about a mile away. The ship was a double-decker and the main body of it was of a misty pearl white substance. The Visitors were from Venus and they remained until late next morning. I mentioned this one in particular because it was a mother-ship.

One evening, in Yucaa Valley, Bill Williams, a Realtor, saw three saucer shaped objects flying near Joshua Tree.

Also, according to the Desert Journal, Joshua Tree Newspaper, of Sept. 18th, 40 persons saw strange saucer shaped outlines in various colors over the Victorville Road.

The lights appeared early in the evening and began to move closer to the vicinity of Giant Rock Airport.

The various lights would pop on and off, glow and diminish, move rapidly back and forth and at various angles. At time they were reported to be so brilliant as to almost blind the observers.

Among the group of observers from out of town were, a prominent Los Angeles doctor, Mr. Berger of Corcoran, Marie Hollenbeck of Hollywood, Actress Lulu Betz also of Hollywood, who recently completed a part in "The Robe" and Jack Francis, a Los Angeles contractor.

Mr. and Mrs. W. R. Nelson of Windy Gap, also reported seeing a brilliant saucer shape over Joshua Tree.

Sept. 27, Sunday evening at 7:28 P. M., I suddenly became aware of Space Visitors.

I was alone at a friend's house about four miles beyond Pioneertown. I stepped out on the patio, and I looked right into a magnificent huge Space Ship, pulsating with my heart-beat.

It was all as great as a full moon and of a pure whiter-then-snow-light. It, at once, began to slowly descend somewhere near Joshua Tree. It settled for about a minute near desert floor and then it moved back into the slightly foggy night sky and hovered over vicinity of Giant Rock. Then it glided to within about five miles of where I was witnessing it.

Close-up, it became transparent and spread out over a wide area of the desert. A glorious Being, a Lady of Light, stepped out into space, coming nearer and greeting me.

She and her friends were from Venus on their mission of bringing Peace, Love and Understanding into our world.

Fortean Falls:

The FATE issue referred to above carries a four-page article on this subject, and DOUBT frequently publishes relevant data. Charles Fort is a chief source (Book of the Damned), but instances (real or alleged) are scattered everywhere. But readers familiar with our eight years of study of the Mark Probert Controls (deep trance mediumship) may take some interest in their remarks about the Falls:

"How often do we have to repeat to you, my friends, that all objects of your plane of existence have their exact duplicates in matter of a different density- i.e., in etheric matter. This is not mere reflection like a mirror image, for the etheric worlds or planes are far more dense than yours. It is only that the etheric substance vibrates at too high a rate for your senses to perceive it. But in the innumerable permutations of matter, the intricate web of forces of Nature, the vibratory rates of this or that object are sometimes converted, and then an invisible etheric object become visible and tangible, and subject to gravitational and other forces, and so plunges into your plane of existence. The so-called Flying Discs come into this category; their energy rate is converted by the Etheric beings and then you can see them, and they are truly matter of your plane. When this rate is again altered, they again become invisible...."
