VOL. 1. NO. 4

JOSHUA TREE, CALIFORNIA

DECEMBER 1953

SPECIAL ANNOUNCEMENT

There will be a new, bigger and better Interplanetary News magazine after the first of the new year. It will have a slight change in its name, the new name being "Interplanetary News Digest".

The new magazine will appear as soon as possible after Jan, 1st, 1954. It will have more features and present as many contacts as possible with our Space and Cosmic Friends. These communications are for the general public, to prepare our people for actual landings of our Friends from various planets and stars. These Cosmic Friends are lovingly aiding us to a better understanding of God's Light and they will not only land in the open, before large masses of people here on earth, but will also, walk with us and touch us with their forms and their light of a higher consciousness.

The purpose and policy of this magazine is to bring to our earth people the truth about our Space and Cosmic Friends and what they represent. Also, why they are descending into our midst.

Also, the new "Interplanetary News Digest" is being printed and published for me by the New Age Publishing Company at 1542 Glendale Blvd, Los Angeles 26, California.

There will be five (5) issues at .50 each or \$2.00 subscription price for all five.

In order to expedite matters so that you may get the next issue as soon as possible, please send you name and address with \$2.00 directly to me in care of the New Age Publishing co.

THE COVER

The symbols painted on the cover, came out of the Universal Principle in my own consciousness. With it came this message for humanity in this earth.

"Out of the Eternal Timelessness down into time comes the Spirit of the Cosmos to manifest within itself.

Oh Man - Thou art one with Cause! Release thyself from thy childish observations, that thou may become One with Me, the Eternal Observer, and One with Me, the Cause."

UNIVERSAL LAW

(By Tae, Lord of our Planet Shan, the Earth. Received through Geo. Van Tassel, former test flight engineer. This is a Reprint from the Proceedings of the College of Universal Wisdom, Volume 1, number 3. Geo. W. Van Tassel, Director; Theodore Berger, Editor. P. O. Box 45, Joshua Tree, California.)

In the unseen realm seven stages of Universal Law apply directly to the being of man. Of these the first is gender. The One Creator created man in true being, male and female. But man, through centuries of decline, because of his self-conscious state became separated in his gender and hence the story of Adam and the rib. Man has continued to decline until he no longer recognizes the other half of himself. Occasionally, there is one who is said to have discovered "love at first sight." This being the identity of the gender of the opposite vibration and is the completion of the whole being. Man is now separated to the extent that the female half of him may be in the unseen realm cycles behind, or again ahead of him. Until the balance of man is established within himself, he cannot reconize his own true vibratory opposite and until such recognition is possible, man cannot become the oneness of himself in gender as he was at the creation. All things are created in gender opposities - oneness or separation.

The second law of the unseen is the cause of things to be. Man considers himself to be the cause of many things, forgetting that the Creator is the cause of man. Only through a vibratory opposite can the flux of current be circulated by cause and this is accomplished through

The third law - the polarity. Polarity established the flux of the poles, both the positive and negative, in such a manner that cause may activate and produce results, but polarity cannot produce these vibratory results without

Vibration, which is the fourth law, Vibration is the center record and the emanation of polarity current, but vibration of itself would conflict with other emanations were it not for

The fifth law - Rhythm. Rhythm is the wave that oscillates in opposition, to maintain levels of vibration. And rhythm is dependent upon

The sixth law - Relativity, or the relation between the other laws. Relativity separating and acting as the balance between

The seventh law - Mentality. For Mentality is the means by which these laws can operate in man but it is subject to discord and vibratory receptivity that man cannot discern, thereby living by erroneous inspiration.

COLLECTOR'S ITEM

The first four (4) issues of the Interplanetary News Magazine for September, October, November and December 1953, may be secured for \$1.00. However, there is only a limited number of them left, so hurry!

ARCH OF THE FIRMAMENT

(By Desca, Master Instructor from the Fourth Density. Received through Geo. Van Tassel. This is a Reprint from the Proceedings of the College of Universal Wisdom, P. O. Box 45, Joshua Tree, California. Vol. 1 No. 2.)

There are many things going on unknown and unseen by you. One of these conditions is the condensation of a ring around this planet at your equator line. This ring has always been here unknown to your men of science; similar to the visible rings of your planet Surma, called Saturn. In our terms, this is known as the "Arch of the Firmament". It is referred to throughout or sector system as the divisions of Equa.

As this ring will soon be discovered by your science, they will then comprehend more about Light-energy. This ring maintains balanced interchange of power through the crust and atmosphere of this planet, and all planets that revolve. It is the prime cause of vortices turning clockwise in the northern hemisphere and anti-clockwise in the southern hemisphere. You will discover vines climb in spirals in the same direction of rotation, opposite to each other in opposite hemispheres..

The condensation of the ring, though requiring many years to become visible to the unaided eye, will bring about stabilization of this planet and cause the end of your seasons. Scientists will register this as a natural occurrence but let me inform you, that many thousands of beings trained in the control of vortice condensation are working diligently on a long hard assignment to bring this condition about. A thousand years from now one may look at the earth from other planets and see rings similar to those surrounding Saturn.

MAGNITUDE

(By Desca. This is a Reprint from the "Proceedings" Vol. 1. No. 3.)

As I have explained, the solar system is in a sense a larger atom with the sun in the center and the planets in their orbits. Each sector, of which there are twelve, has its own orbit and is composed of suns, nebulae, planets, moons, etc. These sectors become again larger electrons or planets to other centering suns, and so ad infinitum. To use your obsolete expression of measurement; in light years a sector varies in size even as planets vary in sizes. The sectors in this system, Vela, vary in their diameters from six hundred thousand million light years to twenty-two hundred thousand million light years. Each electron sector of the Vela sun is of negative nature, composed of several thousand inhabited solar systems. The sector system of Vela is again an electron to a much larger sector system, the diameter of which would require me 32 minutes of your time to quote the figures of your light years. This macrocosmic atom structure increases infinitely beyond any comprehension I could give you. We have found, understanding in full what your advanced minds call the fourth dimension, but, we have not yet begun to fathom the immensity of the Universe.

Progression is only recorded by change and one who understands even his present environment is indeed a master.

ETONYA, LAND OF BANDED BEAUTY

(Continued from November issue, with the following corrections. The real title of this poem is "GOD PROVIDED-MAN DIVIDED" and this was received via ESP by Geo. H. Williamson and his group of Co-Workers from the Space Beings.)

Look to Him! Look for Him! Work for Him! Watch for Him!
 Man of earth, tear down that earth!
 Bathe thine eyes so thou can see
 What immortal realms to be, to be, to be!
 Etonya, land of forested banded beauty
 To the earth that knows great dearth,
 That says, "Thou art my brother" and turns and kills another!
 Am I not my brother's keeper?
 For earth's grim reaper, is not known in the starry band.
 In truth, not known in any land, except one house.
 One fallen house, that is a land that shall not stand!
 America! You who cry out, "God is with us beyond a doubt".
 You must first see the truth! That one house alone will be complete!
 Will not turn Sun Heat!
 Divine Love from the Father has been encased in a tomb,
 Now release it! Now free it!
 Let the glorious golden light reach through the earth, Delight!
 What has this earth to proclaim?
 When there shall come the latter rain from above?
 The former rain has come to you, Oh man.
 You toiled; you listened; there was a harvest reaped;
 But almost, the earth was asleep.
 Now from the Father to you, Oh man, there comes another Man!
 He slumbers not; He wavers not; In things of spirit He is strong!
 He knows but right. His strength does find the Father's strength.
 Comes to you as brother must, when on earth there is rust,
 But as dust is eating slowly, and has devoured the very select.
 Above we stand! For you we land!
 Soon brothers, we, hand in hand, arm in arm, cheek to cheek
 And heart to heart, as brothers should be,
 Our women strong at our side, looking into the depth of soul.
 We of Etonya, see your heart; it is pure; it is a flame.
 As you are looking into our eyes and our hearts, we grasp your heart,
 As our hand grasps the forms, the Father has proclaimed shall meet!
 Your forms, I shall touch! My form, you will touch!
 You will have known my spirit,
 Now we will join our brothers in the house that was incomplete.
 Now we shall know the love to welcome our brother from this land,
 Starry band. Planned. Provided! Not divided!
 With our brother we do stand before our Infinite Father.
 His joy is immense! A sense!
 The creation smiles, for a wayward child has come home,
 And the dome of heaven sighs!
 Awakening Father in the skys drops to earth!
 Blue of sky, Gold of Sun!
 Man of earth, thou art immortal!
 Man of earth, thour art as a portal.
 Look up and be as of One!
 And loving tenderly, we take your hand,
 For we, older brothers guiding you, as He guides us!
 Thrilling in each other's love!

(continued on next page)

Man has put away his playthings, and dusty gods.
 Dust must be brazen brass, Idol, rust must be.
 But the Father, greater than everness, in splendor,
 And we stand at astral door!
 For this unit now complete, looks beyond
 Even glimpsing worlds that bow at His feet.
 As we see in the vastness, and blackness of evil,
 We cannot see as the Father sees, as we leave this unit.
 But we are sad when we leave this unit,
 Where our brothers of this earth have a dearth.
 Now we come, hand-in-hand, and go on. We can progress!
 We can grasp the beauty throughout the Omniverse.
 There is a strain, a note unreal, unknown not weird
 Then with zeal, reality shall be ours.
 Man from earth, no longer insane, because of rain,
 Has lain aside clay boots, and shoots heaven-ward.
 Our brothers return! His word fulfilled!
 A new heaven and earth.
 Glory to the Father! Now Son to the Spirit!
 Trinity in three. For me! For thee!
 Our hand is waiting for your grasp. Reach up, the time is at last!
 Glory to the Infinite Father, who is the Father to us all.
 Given under my hand, this, your first day of November, 1952,
 Through my beloved brothers of Etonya,

I am Ponnar.

The foregoing was an address from Ponnar of the planet
 Hatonn, of the galactic System of Andromeda. He spoke for the
 people of Etonya, planet of the 5th orbit, or Jupiter, of our
 solar system.

He was introduced by Sedat, Keeper of Records, at the
 Universe Temple of Records on Hatonn.

NEWS OF SPACE CRAFT AND COMMENTS

On Wednesday, November the 18th, at about noon, a large silver
 white object was sighted by a group of construction engineers, who were
 about eight miles out of Twentynine Palms on the Amboy Road. The silver
 white bright object was near the high noon sun, too far away and too
 large for it to be a plane of our earth. It suddenly disappeared out of
 the vision of the group.

This large silver white space ship is evidently a mother space craft.
 The description of it resembles the same space craft seen over England in
 the month of November of this year.

In the Dec. 8, 1953 issue of the Los Angeles Herald Express, there
 appeared an interesting article. It was written by Gobind Behari Lal,
 Hearst newspaper science editor.

He writes that according to a new theory of the universe expressed
 by Sir Harold Spencer Jones, Britain's astronomer royal, there is a new
 Garden of Eden forming in space every instant. That matter is being
 created all the time, and that it has been going on always and will go on
 and on.

This means that matter is being created out of nothing physical at
 all. Energy, such as radiant energy or light, and matter, atoms and so
 on, are the same physical substance. The new idea is that energy and
 matter, apart from being changed from one into another, are being created
 freshly all the time.

Sir Harold Spencer Jones states, "There is the possibility, then, of
 new solar systems, planetary systems, being formed continuously. Worlds
 like the earth must be emerging all the time....."

Sir Jones is coming close to what the classical Chinese realized
 years ago. And that is that the stars, suns and moons were as curds form-
 ing in space. In other words, there is nothing more empty than a "solid"
 and the more solid it is, the more empty it becomes. And nothing is more
 well filled than a so-called vacuum.

A reader writes, I am very thankful to see that you got the message
 of Etonya at last.

There is much of love from our Elder Brothers in that. If only peo-
 ple generally could realize that we do have Elder Brothers living on many
 other worlds and they do take an interest in this "lost race" on earth.
 They are willing to help us rise to new heights of beauty, love, and under-
 standing - but we make the job so tough for them. Mankind, too often
 bites the hand that would feed him. Once we learn Brotherhood, I believe
 that we will not only make widespread contact with the Space Beings but,
 that we will be permitted even to visit several of their worlds. Then, we
 will begin to comprehend something of the real extent of the Kingdom of
 Heaven and the far flung reaches of our Creator's handiwork

Your Interplanetary News can be of help in raising peoples' consciou-
 ness to that higher level which is necessary for us to attain EVEN TO
 GUARANTEE OUR OWN SURVIVAL!
