

IMPORTANT MESSAGE FROM THE UUA NEWSPAPER

COMMITTEE CHAIRMAN

In recent months I have become conscious of a great apathy on the part of UUA membergroup leaders towards the UUA itself, and towards UFOlogy generally. Activity among membergroups, particularly among American and Canadian groups, has sunk to an all-time low. Since the UUA has accomplished its initial goal of unity in UFOlogy to a limited degree, I propose the following complete re-vision of the United UFOlogical Association, effective immediately on a world-wide basis:

- (1) The following rules and suggestions should be adapted as a new set of bi-laws, and as amendments to our organizational constitution of December, 1962, as ratified by Alan Katz on behalf of the NARL Division, and myself on behalf of the Alliance Division.
- (2) All groups must, in the near future, contact this office and re-affirm their committment to the UUA. All membergroups not doing so will be dropped without further notice from UUA affiliation.
- (3) All communications between UUA membergroups shall be through a series of irregular open letters and notices, issued by the various UUA Committees, as need be.
- (4) The goals of the UUA, and therefore the criteria for membership shall be the following:
 - (a) A belief in level-headed discussion and investigations of the Unidentified Flying Object phenomena.
 - (b) A belief in the basic theme of cooperation/exchange of information between responsible UFO organizations.
 - (c) A belief in accurate and reliable reporting of UFO information in all UFO publications and magazines.
- (5) An effort should be made by all membergroup leaders to inform their members of their membership in the UUA, and affirmation of the above goals.
- (6) The UUA shall continue to serve as a loose confederation, stressing cooperation and mutual understanding through the mediums of bulletin and publication exchange, and intergroup correspondence. Any membergroup may withdraw from UUA membership, upon notifying any Committee Office.
- (7) If you agree with the above proposals, please so inform us at the address below. If you disagree, or have other suggestions, please contact us about this. FAILURE TO SEND ANY CORRESPONDENCE WILL NECESSARILY BE CONSTRUED AS INDICATING YOUR GROUP'S WITHDRAWAL FROM MEMBERSHIP. Please contact us as soon as possible on this urgent matter.
