VOLUME 9 NUMBER 4  
-----

NOTICE FROM EDITOR

Because this issue of the Look-See is belated, we have added an extra page to help bring you up to date on the news. Also, in the future we may publish the Look-See every other week, for the remainder of the summer season. Special thanks this week go to ASI, URCU, INS, and FSRO for their help in sending news in, we hope they keep it up and hope other groups start it also.

SAUCER-SEER FEARS REDICULE

Sunnyvale, California-May 23, 1963 (LS)-Mrs. Joseph Zelenka, wife of a Lockheed engineer, sighted a "blue or deep turquoise" UFO May 23. The object, which hovered at tree-top height, appeared to be the size of "a plate". Her two small children also sighted the object. The object continued to hover for two or three minutes, then rose vertically and disappeared. After the sighting Mrs. Zelenka hesitated to report the object, fearing ridicule. "I'm a down to earth woman", she said, "and I don't want to be made out a crackpot." A local police officer, who did not see the object, stated that he thought the object may have been a "round kite". "But", he added, "I'm not going to speculate." A near-by airfield said it had no knowledge of the object.

Summer Editor Sights UFO

On the 16th of June Ricky Hilberg, summer Look-See editor saw a blue-white object traveling 1° per sec. traveling ESE. The object, as large as a pinhead, was pulsating very rapidly. Too rapidly for a satellite or plane. The Cleveland UFOlogy Project "UFO report center, Mr. Allen Mamak, project chairman alerted Hilberg of an object in the Eastern skies, and then your editor went out to sight it. The object Hilberg sighted was another object, the first one turning out to be Echo. Manak also sighted the Hilberg UFO, along with Hilberg's two parents. It was first sight at 80° and lost at 30° in the city light and haze. Hilberg also attempted to take two photos with a 35mm camera, but they did not turn out on the film. The time was 10:57 P.M., and was in sight for 50 seconds. (URCU)

ASI DIRECTOR SIGHTS UFO

April 16, 1963-(LS)- At 3:05 P.M. Jack Bartlett director of ASI sighted 3 UFOs in a triangular formation travel from 270° to 290° in approximately 1.5 minutes.

Come to the UFO congress in July of 1964. Invitations and date will be sent in the fall of this year.

Look-See page 2

### ROPO Vice-President sights UFO

(LS) June 21, 1963-- Cedar Rapids Nebraska--

Vice-President of the Research Organization on Phenomenal Occurrences (UUA member-group) Tom Rupprecht saw a pouch-shaped UFO that pulsated. The object was in sight for about 3 seconds then "dematerialized". The time was 8:15 P.M. An illustration is found below

UFO Over Cedar Rapids Neb.

(LS) June 3, 1963--Lyle Minnesota--

On June 3<sup>rd</sup> a huge UFO landed briefly near Lyle Minn. a small town close to the Iowa border, then took off again and hasn't been seen yet. The "experts" called it a meteor or satellite. From I.N.S.

### SEES V SHAPED CLOUD

(LS) May 23, 1962--Gastonia N.C.--

Wayne Conard observed a V-shaped cloud like light, appearing in the northeast and traveling north for five minutes when it began to fade. The witness who is a resident of Gastonia North Carolina doesn't believe the object was a weather rocket as recorded in the paper, as there was no bright light at the point

### NOTICE FROM ASI REGARDING UFO DETECTORS

ASI regrets to announce that due to a revamping of ASI policy, ASI will no longer manufacture UFO Detectors. But they will instead devote all their time to the design and development of new and better UFO Detectors. Those wishing diagrams of UFO Detectors should send \$25 for a complete set of diagrams, parts lists, etc. Write: Jack Bartlett Director ASI, 203 East Renette Ave. El Cajon, California

SEND IN THOSE CLIPPINGS, SIGHTINGS, AND COMMENTS TO:  
Summer Look-See, 3403 West 119th Street Cleveland, OHIO 44111.
